Snow Poses Problem For Area Traffic

The early morning snowfall, which amounted to between one and two inches in the area, caused hazardous driving conditions on district roads and slowed traffic.

The Ohio Highway Patrol at Lisbon said there were many treacherous areas and roads were slick, although ashes and salt were spread on main arteries.

Two inches of snow were reported in the mid - Columbiana County area, and deeper snow to the north.

Edwin Copeland, U.S. weather observer at Millport, said the overnight low temperature was 19 degrees.

From the high of 22 degrees yesterday, the mercury had changed only three degrees to 10 a.m. today, when the temperature was 20 degrees at Millport.

The patrol had no serious traffic mishaps reported this morning. Officers were investigating an accident on Route 45 north of Lisbon which occurred about 8 a. m.

The forecast calls for variable cloudiness and colder tonight, with snow flurries through Friday. Tonight's low is expected to range between 5 and 15.

Most localities in Ohio had an accumulation of an inch or so on the ground by dawn.

The Weather Bureau said Ohio was on the fringe of a large snowstorm developing northeastward through the Appalachians and Eastern Seaboard today.

Most highways were snow - covered at dawn, but there were no reports of traffic difficulties by work-bound motorists, although the Highway Patrol said drivers should exercise the normal caution on the roads made slippery by melted snow.

Ten Ohio reporting stations received fractions of an inch of snow in the 24 hours ending at 7 a. m., but they brought the total accumulation up to three inches—that at Mansfield.

The Akron-Canton area, Circleville, Piketon, Columbus, Zanesville, Youngstown, Findlay and Dayton all reported two - inch accumulations early Thursday. Toledo, Cleveland, Chillicothe and Cincinnati were listed with one inch each.

LBJ Signs Crime Curb, Health Bills

Moves Ahead With Conferences On Budget For 1969

SAN ANTONIO, Tex. (AP) — President Johnson signed crime control and health bills he hopes will bring the nation's capital closer to becoming a model city and moved ahead today with 1969 budget conferences.

He acted just before a midnight Wednesday deadline to approve a controversial bill that will give District of Columbia police more power to fight crime in Washington.

The chief executive coupled the signing with a statement from his Texas White House calling on Congress to look to the problem of crime in all cities.

"No more serious problem faces America than the growing menace of crime in our streets," the President said, noting that "public order is the structure on which any society grows and prospers."

Johnson said he hopes Congress on its return Jan. 15 will give "the most urgent attention" to his proposed safe streets and crime control act "to help local communities meet their local responsibilities in fighting the causes of crime," and he also plumped for passage of "strict gun control legislation to keep firearms out of the wrong hands."

The most disputed provision of the District of Columbia Crime bill is one which permits police to question suspects for up to three hours before deciding whether to charge them with a crime.

Johnson expressed some misgivings about the crime bill and said "the effectiveness of this provision will depend on the quality of its administration and the spirit of fairness with which it is carried out."

"In our system of government," he added, "statements taken from an accused can never substitute for careful and painstaking work by law officers."

With "special pride," the President also put his signature to a measure extending medicare and medicaid benefits to

I only visit East Liverpool when I am on vacation from school. Nevertheless, the city has impressed me more than any other American city.

Before I came to this country more than two years ago, the very rough impression I had of American cities and their residents was that there was little or no variety at all. I thought that every American, whether he was from Skid Row in Chicago or from Park Ave. in New York, was like every other American.

I thought that every American lived in a split-level home, that he had Russian caviar for dinner, that he drove a Cadillac to work, and came home to watch "Bonanza" in color. I thought that every American husband could afford to buy his wife a mink coat, a diamond ring and a bottle of champagne. In short, I, along with a lot of others, was a victim of American mass media overseas.

Copters Lift U.S. Unit To Rice Paddy

Section Ringed By Enemy Battalion Numbered At 500

SAIGON (AP) — U.S. Marines battled a powerful Communist force today 20 miles south of Da Nang. A helicopter airlift landed a detachment of the 5th Marine Regiment in a muddy rice paddy that later seemed ringed by a battalion of the enemy—perhaps 500 men.

AP correspondent Kim Ki Sam reported in a dispatch from the area that virtually every helicopter landing the Leathernecks and removing the wounded drew sniper and machine gun fire.

"The Marines built up their force and consolidated their position behind the two and three-foot-high dikes as sporadic firing continued into the night," Sam wrote. "There was no announced casualty report from either side."

Heavy enemy machine gun and mortar fire spewed from a fortified hamlet about 400 yards from the landing zone. Marine jets and helicopter gunships worked over the Communist positions there and in tree lines around the paddy, their bombs and rockets landing so close that in some cases splinters whizzed over the Marines.

Other action in three battles in South Vietnam's coastal provinces had raised the Communist toll to 288 dead since the Christmas truce.

American paratroopers of the 173rd Airborne Brigade launched the third assault Wednesday as helicopters landed them in a jungle area 250 miles north of Saigon where a Communist force of battalion size was reported.

The paratroops almost immediately flushed a force of about 300 Viet Cong and held them at bay for nine hours while artillery roared in and 31 jet planes in succession pounded them.

The battered Communist force pulled back along bloody

$301,000 Loot At Boardman

Hijack Believed To Be Inside Job

YOUNGSTOWN, Ohio (AP) — Hijackers escaped with $301,000 in an armored truck Wednesday by driving it out of a parking lot crowded with people while the two guards were in a department store.

The truck was found within 30 minutes abandoned about 1½ miles away from the shopping area, in nearby Boardman, with $32,000 still inside. Police said the hijackers switched the rest of the loot to a getaway car.

Authorities said that someone evidently had a set of keys to open the truck doors that locked automatically when closed. There was no sign of forced entry into the Kane Secret Service Co. truck.

The two guards, Steve Sulik, 46, of Boardman, and James Lockhart, 45, of Youngstown, were in the Almart Department Store about "four or five minutes," according to Boardman Police Chief Don Hawkins.

"When they returned, the truck was gone."

Several witnesses outside the store said a man in uniform got into the truck and drove away. It was found abandoned in a wooded park area.

"They were certainly familiar with the operation," said Hawkins. "I would say it has every appearance of being an inside job."

The chief said the robbery, largest in the recollection of officials in the Youngstown area, was pulled by "two or three men."

Police said at least two keys were needed by the robbers—one to open the door on the driver's side and another for a side door to get the money.

The Kane truck was carrying money on a bank transfer and also making pickups and deliveries at the Boardman Plaza Shopping Center on U.S. 224, five miles south of here. The truck then crossed the highway to the department store, which is in another smaller shopping area.

Hawkins said the guards "Loaded a three-wheel cart with coins to deliver to Almart's. They closed the automatic locking doors on the truck. They went into the store for four or five minutes."

Other witnesses later saw the truck, followed by a car, drive off the highway into Mill Creek Park.

The vehicle was found on a narrow road that dead ends in either direction with well-traveled roads in the park.

The FBI and Mahoning County authorities went over the truck and a shotgun found inside, looking for fingerprints and other clues.

It was the first time in 30 years a Kane company truck has had a money loss, it was reported.

Youngstown police said they did not know how much of the loss was covered by insurance.

Aims To Stem Inflation, Strengthen Dollar Abroad

Board Moves To Tighten Credit; Hikes Checking Account Reserves

WASHINGTON (AP) — Some business leaders view the Federal Reserve Board's moderate move toward tightening credit as not-too-subtle pressure on the administration and Congress to raise taxes and cut spending.

The board announced Wednesday its unanimous decision to raise reserves on checking accounts—meaning banks must keep more money on hand at all times and thus cut back on lending. The action, said the board, was taken to stem inflation at home and strengthen the dollar abroad.

"It shows that Martin is trying to get his message across to the President," said one Midwestern banker of the surprise action.

The banker, who asked that his name not be used, referred to Chairman William McChesney Martin of the Reserve Board, who has urged spending cuts greater than those recommended by Johnson while backing the President's proposal to hike taxes.

A similar assessment was given by Ward C. Krebs, chairman of the credit policy committee of Wells Fargo Bank of San Francisco.

"Since there has been no fiscal support in combatting inflation by this administration and Congress, it is necessary for the Federal Reserve to go it alone," said Krebs.

That view was oft-repeated by other bankers contacted by The Associated Press in the wake of the board's announcement.

All seven board members have publicly endorsed Johnson's proposed 10 per cent income tax surcharge, which the House Ways and Means Committee plans to consider for a second time Jan. 22.

Wednesday's announcement was the first by the board of a switch from its policy of easier money which has marked 1967. There have been hints of a tightening, however, in recent banking statistics.

What the board did was to require banks with demand deposits —usually checking accounts —exceeding $5 million to place 17 per cent of them in reserve if they are large city banks and 12.5 per cent if they are small banks.

The present requirement is 16.5 per cent and 12 per cent, respectively. The move, effective in two stages next month, will reduce the capacity of about 2,000 banks to lend money by about $550 million.

These banks do about 75 per cent of the nation's banking business.

The impact was minimized by making the action effective in January when the need for reserves normally declines after the Christmas shopping rush.

Mother Cited In Arsenic Poisoning Of Her Son, 19

CORDELE, Ga. (AP) — Authorities have exhumed the bodies of three members of the family of Mrs. Janie H. Gibbs, a plump brunette whose arrest on a murder charge has shocked this southwest Georgia community.

Mrs. Gibbs, who spent her 35th birthday in jail Christmas Day, has been charged with murder in the arsenic poisoning death of her 19-year-old son, Roger Ludean Gibbs. His death sparked a Georgia Bureau of Investigation probe into the deaths of four other members of the family all of whom succumbed within the past two years.

The arrest of Mrs. Gibbs was a shock to the community because she operated a small nursery and at times cared for more than a score of young children.

But the community's greatest shock came Wednesday when authorities ordered the bodies of her husband and two other sons exhumed from Sunnyside Cemetery.

Authorities now are awaiting the result of an examination of those bodies.

Mrs. Gibbs was jailed two days before Christmas, authorities said, after an autopsy revealed several milligrams of arsenic in the body of Roger Gibbs. His body and that of his infant son—Mrs. Gibbs' grandson—are in the same cemetery but were not exhumed.

Roger Gibbs died Oct. 28 in a hospital at Albany, Ga. His small son died just three weeks earlier.

Another of Mrs. Gibbs' sons, 16-year-old Melvin Gibbs, died Jan. 23, 1967, of what was listed as a rare muscular disease. On Aug. 29, 1966, Marvin Gibbs, 13, died in Columbus of what was described as hepatitis.

Rep. Robert Taft Jr., says it might.

Will Reps. Samuel L. Devine and Chalmers Wylie, get far with a proposed reallignment of their districts? Present congressmen for Madison and Pickaway counties say they hope not.

These are among comments from Ohio congressmen on the redistricting question which will face the legislature next month.

Taft, of Cincinnati, said that moving parts of Hamilton County into other districts might result in "disenfranchising" some county residents. He said they might have a congressman from another county.

Taft said he has no plan to submit on the reallignment issue but that he wants to cooperate in working out a satisfactory plan.

Rep. Clarence J. Brown of Urbana expressed concern about possibly losing Madison County.

2 Republicans At Odds On Effect Of Third Party

WASHINGTON (AP) — The two top-ranking Senate Republicans are at odds over what effect a third-party candidacy by former Alabama Gov. George C. Wallace would have on the 1968 presidential race.

Meanwhile Wallace, an apparent victor in his drive to qualify for the California presidential ballot, reportedly has targeted Ohio for a similar campaign.

And former President Dwight D. Eisenhower, indirectly quoted by the New York Times as saying Michigan Gov. George Romney was too indecisive to be President, denied ever making such a statement.

These were Wednesday's political developments:

Burned Girl Transferred To Cincinnati

Four-year-old Cindy Duke of 1039 Oak St., severely burned Dec. 15 when her clothing ignited from a gas heater at home, was transferred Wednesday to the Shriner Burns Institute Hospital at Cincinnati.

Daughter of Mr. and Mrs. Carl Duke, the child was taken by ambulance from City Hospital to Greater Pittsburgh Airport, where she was placed on a plane for the trip.

The ambulance plane was supplied by Al Koran Shrine Temple and East Liverpool Shrine Club, under the direction of Earl Roush of 946 Bank St., Al Koran Shrine Crippled and Burned Child committeeman, assisted by George Brand, president of the East Liverpool Shrine Club, and Clyde Smith, past president.

A physician and nurse from the institute accompanied the child, who suffered first, second and third degree burns over the front of her body.

Roush said seven employes of the Crucible Steel Co.'s Midland Division blood donors offered the uncommon B Negative blood for the youngster, who will be at the Cincinnati institute for at least three months.

"The Marines built up their force and consolidated their position behind the two and three-foot-high dikes as sporadic firing continued into the night," Sam wrote. "There was no announced casualty report from either side."

Heavy enemy machine gun and mortar fire spewed from a fortified hamlet about 400 yards from the landing zone. Marine jets and helicopter gunships worked over the Communist positions there and in tree lines around the paddy, their bombs and rockets landing so close that in some cases splinters whizzed over the Marines.

Other action in three battles in South Vietnam's coastal provinces had raised the Communist toll to 288 dead since the Christmas truce.

American paratroopers of the 173rd Airborne Brigade launched the third assault Wednesday as helicopters landed them in a jungle area 250 miles north of Saigon where a Communist force of battalion size was reported.

The paratroops almost immediately flushed a force of about 300 Viet Cong and held them at bay for nine hours while artillery roared in and 31 jet planes in succession pounded them.

The battered Communist force pulled back along bloody

Burned Girl Transferred To Cincinnati

Four-year-old Cindy Duke of 1039 Oak St., severely burned Dec. 15 when her clothing ignited from a gas heater at home, was transferred Wednesday to the Shriner Burns Institute Hospital at Cincinnati.

Daughter of Mr. and Mrs. Carl Duke, the child was taken by ambulance from City Hospital to Greater Pittsburgh Airport, where she was placed on a plane for the trip.

The ambulance plane was supplied by Al Koran Shrine Temple and East Liverpool Shrine Club, under the direction of Earl Roush of 946 Bank St., Al Koran Shrine Crippled and Burned Child committeeman, assisted by George Brand, president of the East Liverpool Shrine Club, and Clyde Smith, past president.

A physician and nurse from the institute accompanied the child, who suffered first, second and third degree burns over the front of her body.

Roush said seven employes of the Crucible Steel Co.'s Midland Division blood donors offered the uncommon B Negative blood for the youngster, who will be at the Cincinnati institute for at least three months.

Five Are Killed In Pittsburgh District Crash

PITTSBURGH (AP) — Five persons, including an infant, have been killed in the headon collision of two cars in suburban West Mifflin. Three others were seriously injured.

Killed Wednesday night were Terry Lynn Andrews, two months, Scott Andrew, 3, Francis Gill, 19, and James Gamble, 20, all of West Mifflin, and Eldora Inglis, 52, of Munhall.

Albert Andrews, his wife, Sandy, and their third child, David, 6, were hospitalized in serious condition.

Police said Gamble's car veered out of control on Lebanon Church Road, crossed the medial strip and plowed into the auto operated by Andrews. Gill was a passenger in Gamble's car.

Police said the Andrews were returning home after a shopping trip.

They said Andrews and his wife, admitted to McKeesport Hospital, suffered fractured skulls and David, in Homestead Hospital, suffered internal injuries.

It has been estimated that about 55 million Americans ride bicycles.

Three Will Face Jury Action In Attack, Robbery

HAMILTON Ohio (AP) — Three young Hamilton men have been bound over to the grand jury on charges of raping and robbing a 61-year-old woman on Christmas Eve.

Butler County Judge William Hendrickson ordered Roger Garvin, 25; James W. Harris, 21, and his brother Danny, 17, held in lieu of bonds of $11,000 each on charges of rape, assault to rape, robbery and torture.

At the hearing Wednesday, Judge Henderickson also continued the case of Ray Couch, 20, Hamilton, until Jan. 10. Couch and a 17-year-old Hamilton boy were arrested Monday with the other three defendants on similar charges. The youth is in custody of juvenile authorities.

The woman was reported in good condition at a hospital Wednesday. Police said she told them the youths forced her into their car. She was put out of the car after being raped, beaten and tortured with pieces of burning paper, she said.

The woman also told police the youths robbed her of five rings.

'Bosses Night' Event Set By Jaycees For Jan. 17

The 28th annual East Liverpool Jaycees' "Bosses Night" dinner will be held Jan. 17 at the Country Club, with John Campbell, Pittsburgh Steeler football player, guest speaker.

Highlight of the dinner will be the presentations of the Civic Service Award and Distinguished Service Award to two outstanding community leaders.

Wliliam Glass and Roger Babb, co-chairmen of the dinner, said a committee is currently at work on selecting the recipients of the annual awards.

Campbell, one of the top linebackers in the National Football League, will discuss the NFL as a sport and as a big business.

A graduate of the University of Minnesota, where he majored in speech, Campbell began his professional grid career in 1963. He played for the Minnesota Vikings and the Baltimore Colts before joining the Steelers at the start of the 1965 season.

JOHN CAMPBELL
Will Discuss Pro Football.

Frank Moss, Jaycees president, will give the welcome at the dinner and George A. Shaw, president of the Chamber of Commerce, will respond for the bosses.

Charles Lang, past president of the Jaycees, will be master of ceremonies.

Police Probe Entry Of Bar, Minor Thefts

A burglary at a downtown tavern and a series of petty thefts are under investigation today by East Liverpool police.

Eighteen bottles of whisky, 60 packs of cigarettes and $12 in change were taken from the Dan-D-Bar on Washington St. and Broadway in an entry discovered Wednesday, officers said. Chris Markanton, the proprietor, said the intruders forced entry through a door on the east side, broke into the cigarette machine and removed the whisky from beneath the bar.

John Weber of 323 Blakeley St. told police he pursued two boys who stole Christmas lights at his home Wednesday night about 6:20, but they eluded him. Weber said he saw the boys when he investigated a noise on his front porch. Later he found they had stolen three Christmas lights, he said.

Riley McIntosh of 312 Market St. told police thieves cut the cables to take a brand new $31.95 battery from his auto while it was parked on a lot at City Hospital between 7 and 7:15 p. m. Wednesday. Robert Waters of 2214 Harvey Ave. reported at 10:15 p. m. yesterday a battery was stolen from his car parked near his home.

Mrs. Gordon Lisle of 313 Broadway told police late Wednesday afternoon a coin purse containing $17, a pen worth $22 and miscellaneous articles was stolen from her pocketbook Friday afternoon while she shopped in the McCrory Store at Market and E. 5th Sts.

Mr. and Mrs. Harry Cahill of 1090 Ohio Ave. filed a supplemental report with police listing additional items taken in an entry at their home Tuesday night. They said the loss, in addition to the items listed in the first report, included seven men's and women's watches, jewelry worth $90, a deed to a lot, a birth certificate, Social Security cards and titles to two autos.

Over $210 in cash and $3,000 in U.S. Savings Bonds also were taken in the entry.

Crash Hurts Area Woman

A Lisbon woman was injured in a one - car mishap on an icy section of Route 45 about three miles south of Salem Wednesday afternoon.

The Ohio Highway Patrol at Lisbon said Cheryl Sue Macuich, 23, of Pritchard Ave. Ext., Lisbon, was headed south when she lost control of her 1962 coach on a icy area. The car spun around and went off the road into a ditch.

Shirley Cloud, 27, of Maple St., Lisbon, a passenger, was injured and taken to Salem City Hospital.

Thomas McCullough, 18, of Steubenville was cited for speeding after his car veered off Route 164 three miles south of Gavers and went over an embankment.

Life expectancy in the tropics, which account for almost half of the world's population, is lower than in northern climates due to the prevalence of disease and unsanitary conditions. In some areas, fewer than half of the children reach age 15.

Council Gets Assignments At Salineville

SALINEVILLE — Committees were appointed by Dwayne Felton, new mayor, at a meeting of Council Wednesday night.

Warren Bettis, solicitor, swore in Felton, who succeeds Stanley Fitch, along with re-elected Councilmen Lawrence Earl and Howard Ahlborn.

Committees appointed, with chairmen listed first, are: Street — Gillis Earl, Lawrence Earl and Warren Dunlap, safety — Dunlap and Ahlborn; finance — Ahlborn, Mrs. Kate Weaver and Lawrence Earl.

Building — Lawrence Earl, Gillis Earl and Mrs. Weaver; health and sanitation — Dunlap and Gillis Earl, and village improvement — Mrs. Weaver and Ahlborn.

Council is scheduled to appoint in January a new councilman to replace Felton, whose term had not expired when he was elected mayor. The new councilman will serve on the safety, health and improvement committees, Felton said.

Political Figure In Pittsburgh 20 Years Ago Dies

PITTSBURGH (AP) — Joseph McArdle, who gained a reputation as a battler in Pittsburgh political circles 20 years ago, has died.

McArdle died Wednesday in Magee Women's Hospital. He was 64.

He served in the state legislature from 1936 to 1938, and was congressman from 1938 to 1940. From 1940 to 1949, he served in city council.

McArdle was a Democrat during his political career but changed to Republican after a battle with former Allegheny County commissioner John Kane.

McArdle's father was president of city council in the 1920s and 1930s.

A funeral mass will be celebrated Saturday in St. Mary of the Mount Roman Catholic Church.

Sobriety Begins At Home

Illegal practices in some taverns along the Route 30 "Strip" in Hancock County, ranging from gambling to illegal liquor sales, have drawn cries of indignation from all quarters of the district over the years.

Sale of intoxicants to juveniles has again been charged, this time by Chester Councilmen—with good reason.

But if anyone thinks selling of beer and other intoxicants to teen-agers is limited to the "Strip," a second thought is needed. High school students, teachers and others can check off a full list of taverns and retail outlets in the three - county district where a minor can stock up on refreshments stronger than a cola.

Parents who make the most outraged sounds about the problem may be allowing their sons and daughters to go to parties where other parents are providing beer and other drinks without regard to the code of conduct set for the young guests.

Efforts to curb these violations should be initiated among the tavern operators and permit holders themselves, a joint campaign to protect these young people and to improve an image which becomes more tarnished as reports and rumors of illegal sales spread from the bars and counters.

Secondly, law enforcement officers should make renewed attempts to locate the offenders and bring them to court, and the courts should levy the maximum penalties so that the profit margin wouldn't exceed the risk.

Finally, parents and young people should face up to their own responsibilities, legal and moral, for they have the most to lose.

Role Of The Outcast

The Christmas Eve announcement of a nuclear detonation by Communist China illustrates the futility of world powers trying to regulate forces in the world without recognizing this huge nation.

The U.S. Atomic Energy Commission's report on the seventh nuclear explosion by Red China is a reminder it does indeed exist and sooner or later, must be reckoned with.

Hopefully, although the hope is faint, differences between the Chinese and the West could be negotiated.

Excluding Red China from talks, or expecting the country to respect agreements worked out and signed by other nations is not sound reasoning.

Red China is not yet a nuclear power. It may be years before that stage is reached. But the Chinese have nuclear capability. They are on their way.

The latest test was low in intensity. That does not lessen its importance. It could mean the Chinese are testing small nuclear devices to be used in conjunction with conventional battlefield arms or carried by planes.

Recognizing Red China by including the country in negotiations by no means implies concurrence with its ideologies or activities. The United States is in diplomatic touch with the Soviet Union daily; but that doesn't mean we agree with its policy or philosophies.

The United States has taken a head-in-the-sand approach in regard to Red China. This leaves a large target exposed.

Red China is not an international fairy tale. It exists. It has existed for years. Its soldiers use real bullets. It has real nuclear power. It has not gone away merely because it was ignored.

There is no guarantee Red China would be willing to sit at a table wtih other nations of the world if the offer were extended. Likewise, there is no guarantee that talks would be successful if Red China participated.

But it can be assumed, on the otherhand, that so long as Red China is treated as an outcast by the family of nations, it will paly the role of the outcast.

Under The Guns Of Israel

Egypt is reported officially to be studying a plan to let ships locked in the southern section of the Suez Canal go free. This would entail nothing tougher than raising a hulk sunk to block the canal at the outset of the war with Israel last spring.

Thirty minutes' study should be enough to resolve the question of raising a sunken ship. But that obviously is not what Egypt needs to study. It needs to study a procedure for getting itself off the hook of an untenable position relative to the Suez Canal. It has closed an international waterway at the cost of losing tolls from international shipping, in hope of creating leverage to force Israel to pull back from its forward position on the opposite bank of the Suez Canal.

It says it will not reopen the canal "under the guns of Israel." But the guns of Israel hold no terror for shippers. Neither do the guns of Egypt, which steadfastly has refused to let Israeli shipping use the canal.

The only thing that terrorizes shippers is the prospect of having to go around the Cape of Good Hope indefinitely.

They hope with all the might of their corporate being that Egypt will find a way to unhook itself and reopen the Suez Canal so it can collect the tolls it needs and shippers can quit making the long voyage around Africa on their way to and from Europe and the United States.

As for the guns of Israel, the shippers couldn't care less. Israel isn't pointing any guns at them — only at people whose leaders have made a fetish of destroying Israel.

Purely Personal Observations

If I were a photographer, I would take a picture of a pile of unwanted Christmas trees in a Christmas tree lot the day after the Great Occasion and title it "Unwanted."

The question is academic, but if I were caressing a sweetie-pie and she murmured, "Don't muss my hair. I have on a wig made of human hair," I would remember something urgent I had forgotten to do 25 miles away and bug out of there. Hair in my opinion, is a woman's crowning glory — her own. It's personal, not communal.

Life would be dull without pet dogs. But it is wrong not to recognize that some breeds are never to be trusted under certain circumstances and should be kept at a safe distance by all except their own masters — and even the masters should keep their wits about them.

The girl in the red Corvair now waves to me in the morning and to the best of my ability I wave back, though it isn't easy on cold mornings to do a good job while wearing mittens.

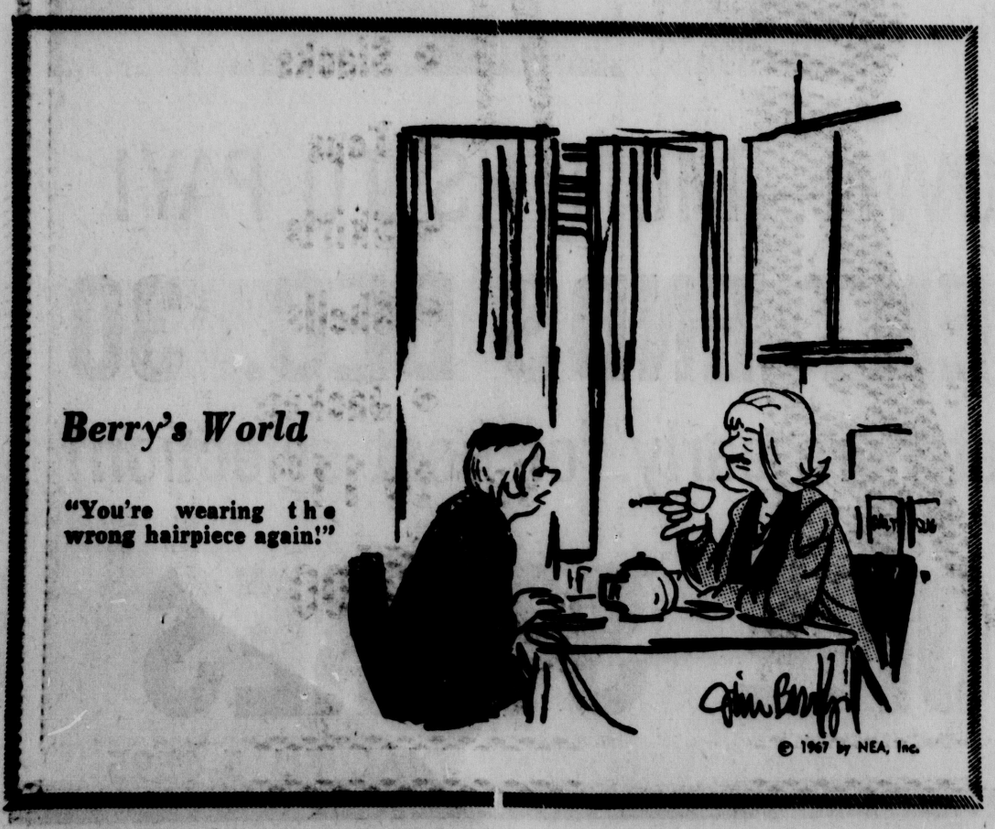
There has been no improvement in mankind, only in the gadgets with which men make life more enjoyable, including weapons to kill their fellowmen.

If people taking out their own frustration and anger on Lyndon Johnson would compare the way he looks now with the way he looked when the Kennedy assassination put him on the spot they will realize the ravages of the toughest job on earth are getting to him, which may make them happy.

What political experts seem to be saying is that the surest way the Johnson administration can renew its lease on public power is for Republicans to butcher each other in Miami Beach next summer the way they butchered each other in the San Francisco Cow Palace in 1964.

I wish before some of my acquaintances bite themselves in their anger about LBJ they would read Sir James Frazer's "The Golden Bough," describing how primitive cultures destroyed their kings in the belief this restored the people's vitality. We now call it popular government, but it's the same idea.

I try to remember that all the people you read about who made a mark in the world were sneered at, pushed around, reviled, slandered, thrown in prison and not infrequently executed by whatever punks constituted a majority at the time.



'Do You Have Anything To Declare?'

'I Do Not Choose . . .'

By Art Buchwald

WASHINGTON

President Johnson indicated the other evening in his fireside chat that he's going to run hard in 1968 to recoup his popularity, which with every public opinion poll seems to be going down.

Art Buchwald

A large staff is already preparing for his campaign and the President has urged any one who has a good idea to speak up.

The other day, one of the President's trusted political advisers came up with the most revolutionary plan to date.

"Mr. President," he said, "I've been studying the polls and they seem to be taking on a pattern."

"You're right, and the pattern's against me!"

"But wait. The two leading candidates for the presidency in the political polls are Sen. Robert Kennedy and Gov. Nelson Rockefeller. The question we must address ourselves to is why?"

"AH'LL TELL YOU why. Cause Ah'm doing all the work, and they're doing all the griping."

"Perhaps so. But the scientific reason is that both men have formally announced that they will not be presidential candidates in 1968.

"If you'll notice this graph, it shows that as soon as the American people hear a candidate is going to run for office, his popularity goes down; but as soon as a candidate announces that he doesn't want to run for office, his popularity soars."

"What are you driving at?"

"Mr. President, I think you should announce in your State of the Union speech that you will not run again for the presidency in 1968."

"You must be out of your cotton-pickin' mind," the President said.

"Think before you speak. When you announce this on nationwide television, your popularity will reach new heights. You'll lead every poll in the country. There will be demonstrations in the streets, people will tear their clothes and wail. They'll be screaming in front of the White House, 'Johnson! Johnson! Johnson!' Schools will close, factory workers will leave their jobs, students who are lying down in front of draft boards will sit up. The country will be in a frenzy."

"AH MUST ADMIT Ah like the picture you paint. But will it work?"

"It worked for President Nasser," the adviser said.

"Ah knew the whole thing had a familiar ring to it. But it's risky. After all, the United States is not Egypt."

"That's not the point, Mr. President. As soon as you announce that you're not going to be a candidate in 1968, Bobby Kennedy will announce that he is a candidate. And as soon as he announces it, his popularity will start slipping while yours will be going up. There will be Dump Kennedy movements all over the country, and everyone will be begging you to accept a draft."

"Ah reckon it makes sense, and Ah think Ah might buy it. But Ah've got one problem."

"What's that, sir?"

"How do Ah break the news to Hubert?"

Social Security Sniping

By Bruce Boissat

The last flurry of protest by a band of Senate liberals against the alleged inadequacies of the new Social Security bill was neither realistic nor responsible.

Basically, the measure revises the Social Security system covering retirement, survivors' and disability benefits and related medicare. Welfare features are secondary.

The bill provides the largest single upthrust in Social Security benefits in the system's history. In calendar 1968, some $2.9 billion more will be paid out to U.S. citizens than would have been dispensed under the pre-1967 law. The rise in outlays will be sharper in 1969.

A handful of liberal senators, mostly Democrats but including a few Republicans, extravagantly portrayed these milestone gains in an affront to humanity.

It was not noticeable that they dealt candidly with means of financing the considerably more liberal benefit proposals many of them called for. The approved legislation is, on the other hand, supportable with visible revenues.

The enacted measure lifts from $1,500 a year to $1,680 a year the amount of money a worker may earn and still qualify for full retirement benefits. The voted Senate version would have set the level at $2,400, a proposal estimated to cost $975 million right now and more later. Suggested financing was inadequate.

In 1967, some 24 bills were tossed into the congressional hopper to eliminate altogether this so-called "retirement test" related to earnings levels.

That would cost the government another $2 billion now and more later, but it has been a popular notion among wand-waving liberals.

There have been estimates from government sources that the higher benefits coming in 1968 and thereafter may elevate perhaps a million Americans out of poverty.

No analysis is available comparing this estimate with the possible uplifting effect of other federal antipoverty measures. But it would seem doubtful they could have so direct and sure an impact as nearly $3 billion added cash benefits in one year.

Curiously, and misleadingly, Maryland's Sen. Joseph Tydings and some others attacked the approved bill as a pitifully skimpy antipoverty undertaking.

Intentionally or not, the critics sounded as if they wanted to convert Social Security to an antipoverty relief program, pure and simple. Sometimes their assaults on disputed welfare provisions in the bill were so loosely phrased as to seem to condemn everything in it.

These attacks only compounded the already heightened confusion which today surrounds the sprawling Social Security system and its medicare offshot.

From its 1937 beginnings, the system has been a compromise between a soundly structured old-age and other insurance program and a form of welfare assistance to the elderly.

Many Americans have received benefits (and still do) who have made little or no tax contribution to the system's funds.

Bombarded heavily for supposed weakneses as an insurance program, Social Security, as the Senate liberals' attack underscores, is also getting it hard for alleged failure as an antipoverty enterprise.

But while purists on both sides chop at its shortcomings, the system gets ready to pay out a record $25.2 billion in 1968 to 23.5 million Americans — roughly an eighth of the total U.S. population.

This 'n That

The man who was credited with having made the first discovery of gold in California and who precipitated the great gold rush of 1849—a man by the name of James W. Marshall — ironically died in poverty despite his rich find.

Sequoia trees are named after the Cherokee chief, Sequo-Yah, who completed the first alphabet ever devised for an Indian tongue, the National Geographic says.

Vermont is the only New England state without a seacoast, and was the last to be settled because of this. It leads the nation in the producion of marble, granite, asbestos and maple syrup, and in ratio to population it keeps more dairy cows than any other state.

NIH Criticism

Whoever does something he says is to relieve people of pain and suffering clothes himself in shining armor. This not only assures his popularity but portrays hs critics as mean and miserly.

That is why it is difficult for congressmen to vote against appropriations for the National Institutes of Health (NIH). It is why commentators hesitate to raise questions about how that federal agency spends its money.

The National Institutes of Health is spelled in the plural because it is split into a number of sections, most of which are designed to allocate or spend money for research in the causes and cures of specific human ailments.

It is an arm of the Public Health Service in the Department of Health, Education and Welfare. The NIH is headed by James A. Shannon, assistant surgeon general, and each division and institute has its own director. The main offices are in Bethesda, Maryland.

No other federal program has so many powerful supporters inside and outside the government. What one critical official calls the "vast constituency" includes chairmen and members of congressional committees which pass upon NIH appropriations, medical schools and private research agencies, certain foundations — and especially one such tax-exempt agency — and innumerable beneficiaries of NIH money. This powerful lobby reaches into almost every congressional district in the nation.

A swelling chorus of support drowns out the voices of minorities in congressional committees and of doctors and scientists who have seen evidences of waste and inefficiency.

In November 1961, I commented on what had happened when the appropriation for the NIH was before the Senate. President John Kennedy's budget had called for an appropriation of $583 million. The House had raised this considerably.

Chairman Lister Hill's Senate Committee on Labor and Public Welfare went far beyond the budget and the House figure — to $835 million. Sen. Prescott Bush protested, saying that this was more than the NIH itself said it could effectively spend. He proposed that the Hill figure be cut back halfway to what the Budget Bureau and the President had asked for.

Hill responded by asserting, in effect, that if a little health was a good thing, why not have a lot more? Sen. Ernest Gruening made a passionate plea to the Senate, naming the seven members of that body who in recent years had died of cancer.

Sen. Frank Lausche offered a bit of characteristic common sense. He said the agency's request was about all that the doctors and administrators in charge said they could possibly spend. But the Bush amendment was defeated 53 to 39.

The conference report asked for $738 million. HEW Secretary Abraham Ribicoff, who had been a prudent governor of Connecticut, announced later that he would cut $60 million from the NIH funds.

In the next year, Bush retired and Ribicoff, wearied of dealing with bureaucrats in HEW, resigned and ran for Bush's seat.

But the upward trend continued in the years that followed. The routine in the appropriating process for every year following 1962 was this: the President increased his budget estimate over the year before, except in one year.

The House then raised the figure, the Senate added more, and the final figure leaped upward, until in 1967 the appropriation for fiscal 1968 reached $1,425,700,000.

In the President's reorganization plan of 1966 a new Institute for Mental Health was created with an appropriation of $248 million, which is included in the foregoing figure.

Immense influence in this tremendous rise in research funds has been wielded by the men who have been chairmen of the subcommittees since 1955.

One is Sen. Hill, who was apprently named in honor of Joseph Lister, the famous British scientist. The other was the late Rep. John E. Fogarty, succeeded this year by Daniel Flood of Pennsylvania.

Support for these great increases has been bipartisan. Melvin Laird has been a valiant supporter of these increased appropriations in the House, and in the Senate the ultraconservative Norris Cotton has in the past opposed any economies.

Social Security Sniping

By Bruce Boissat

The last flurry of protest by a band of Senate liberals against the alleged inadequacies of the new Social Security bill was neither realistic nor responsible.

Basically, the measure revises the Social Security system covering retirement, survivors' and disability benefits and related medicare. Welfare features are secondary.

The bill provides the largest single upthrust in Social Security benefits in the system's history. In calendar 1968, some $2.9 billion more will be paid out to U.S. citizens than would have been dispensed under the pre-1967 law. The rise in outlays will be sharper in 1969.

A handful of liberal senators, mostly Democrats but including a few Republicans, extravagantly portrayed these milestone gains in an affront to humanity.

It was not noticeable that they dealt candidly with means of financing the considerably more liberal benefit proposals many of them called for. The approved legislation is, on the other hand, supportable with visible revenues.

The enacted measure lifts from $1,500 a year to $1,680 a year the amount of money a worker may earn and still qualify for full retirement benefits. The voted Senate version would have set the level at $2,400, a proposal estimated to cost $975 million right now and more later. Suggested financing was inadequate.

In 1967, some 24 bills were tossed into the congressional hopper to eliminate altogether this so-called "retirement test" related to earnings levels.

That would cost the government another $2 billion now and more later, but it has been a popular notion among wand-waving liberals.

There have been estimates from government sources that the higher benefits coming in 1968 and thereafter may elevate perhaps a million Americans out of poverty.

No analysis is available comparing this estimate with the possible uplifting effect of other federal antipoverty measures. But it would seem doubtful they could have so direct and sure an impact as nearly $3 billion added cash benefits in one year.

Curiously, and misleadingly, Maryland's Sen. Joseph Tydings and some others attacked the approved bill as a pitifully skimpy antipoverty undertaking.

Intentionally or not, the critics sounded as if they wanted to convert Social Security to an antipoverty relief program, pure and simple. Sometimes their assaults on disputed welfare provisions in the bill were so loosely phrased as to seem to condemn everything in it.

These attacks only compounded the already heightened confusion which today surrounds the sprawling Social Security system and its medicare offshot.

From its 1937 beginnings, the system has been a compromise between a soundly structured old-age and other insurance program and a form of welfare assistance to the elderly.

Many Americans have received benefits (and still do) who have made little or no tax contribution to the system's funds.

Bombarded heavily for supposed weaknesses as an insurance program, Social Security, as the Senate liberals' attack underscores, is also getting it hard for alleged failure as an antipoverty enterprise.

But while purists on both sides chop at its shortcomings, the system gets ready to pay out a record $25.2 billion in 1968 to 23.5 million Americans — roughly an eighth of the total U.S. population.

Prescott Bush protested, saying that this was more than the NIH itself said it could effectively spend. He proposed that the Hill figure be cut back halfway to what the Budget Bureau and the President had asked for.

Hill responded by asserting, in effect, that if a little health was a good thing, why not have a lot more? Sen. Ernest Gruening made a passionate plea to the Senate, naming the seven members of that body who in recent years had died of cancer.

Sen. Frank Lausche offered a bit of characteristic common sense. He said the agency's request was about all that the doctors and administrators in charge said they could possibly spend. But the Bush amendment was defeated 53 to 39.

The conference report asked for $738 million. HEW Secretary Abraham Ribicoff, who had been a prudent governor of Connecticut, announced later that he would cut $60 million from the NIH funds.

In the next year, Bush retired and Ribicoff, wearied of dealing with bureaucrats in HEW, resigned and ran for Bush's seat.

But the upward trend continued in the years that followed. The routine in the appropriating process for every year following 1962 was this: the President increased his budget estimate over the year before, except in one year.

The House then raised the figure, the Senate added more, and the final figure leaped upward, until in 1967 the appropriation for fiscal 1968 reached $1,425,700,000.

In the President's reorganization plan of 1966 a new Institute for Mental Health was created with an appropriation of $248 million, which is included in the foregoing figure.

Immense influence in this tremendous rise in research funds has been wielded by the men who have been chairmen of the subcommittees since 1955.

One is Sen. Hill, who was apprently named in honor of Joseph Lister, the famous British scientist. The other was the late Rep. John E. Fogarty, succeeded this year by Daniel Flood of Pennsylvania.

Support for these great increases has been bipartisan. Melvin Laird has been a valiant supporter of these increased appropriations in the House, and in the Senate the ultraconservative Norris Cotton has in the past opposed any economies.

Through The Years

THIRTY YEARS AGO — With the approach of 1938, district business, commerce and industry began counting the gains of 1936 and expressed confidence in the year ahead.

Mrs. Ruth E. Cramer of Pope Ave. was named registrar of vital statistics here by the Board of Health.

TWENTY YEARS AGO — William P. Coburn of St. George St. was promoted to corporal at Fairbanks, Alaska, where he was a radio - control tower operator.

Lt. Col. John B. Fickes and family of Okinawa arrived in Wellsville for a leave before reassignment with the Army Quartermaster Corps.

Three firemen were overcome by smoke while fighting a basement blaze in the McCrory Store. The loss was estimated at $20,000.

TEN YEARS AGO — Mrs. J. Walter Smith was elected president of Social Order of Beauceant 71.

Dean C. Badger of Marcum St. was promoted to specialist third class at Ft. Campbell, Ky., where he was a member of the 101st Military Police Detachment.

The Law

The annual church bazaar was well under way. The toys, trinkets, cakes, pies, crocheted doilies, books and other items were selling at a brisk pace.

"How much is the tax on this stuffed moose," one purchaser asked.

"Oh, we're a church. We don't have to charge any sales tax," the woman behind the counter replied.

Was this reply accurate? Not entirely.

OHIO'S SALES tax laws do provide for specific exemptions from the tax. For instance, food sold for human consumption off the premises where sold is not subject to the tax. No tax is charged on items sold to the state or any of its subdivisions.

However, when it comes to sales of tangible personal property by churches and non-profit charitable organizations, the rules are more complex.

Under the law, this type of organization does not have to charge sales tax on tangible personal property items sold if the number of sales programs, such as bazaars, do not exceed a total of six days in any calendar year or one day in any calendar month.

Once the total goes above this, then the sales tax must be charged in accordance with the rates set by law. Tangible personal property includes the toys, trinkets, planters and other items, plus any food consumed on the property where sold. The cakes and pies sold to take home are not subject to the tax.

IN COMPUTING the days permitted under the law, all sales, whether the door-to-door sales of candy bars or a sale on the premises, must be included. The law states that all sales by groups within a church or non - profit charitable organization are to be considered as sales of the entire organization.

So, if an annual bazaar or dinner is your only money-making function during the year, the sales tax status of your organization is generally easy to determine. However, once your organization begins having various sales by many internal groups, then proper records should be kept. Violation of the law may subject the church or organization to a fine of from $25 to $100 as well as incur liability for unpaid taxes.

Vietnam

(Continued from Page 1)

jungle trails by nightfall, and 31 enemy bodies were found along with 18 abandoned submachine guns. Twelve paratroopers were killed and 34 wounded, the U.S. Command said.

The battle took place about 25 miles into the jungled foothills west of the coastal city of Tuy Hoa.

Simultaneously, South Vietnamese troops were engaged about 100 miles up the coast in the lowlands of Quang Ngai Province. A government battalion of regulars and militiamen ran into a Communist outfit of unknown size, drew back and called in 105mm howitzers. A government spokesman said 40 of the enemy were killed, almost all by the artillery, while government losses were light.

Sporadic fighting also continued along the coast just below the demilitarized zone where the Viet Cong 416th battalion was cut to pieces in a battle Tuesday. South Vietnamese forces reported catching a few more enemy soldiers during mopping up operations, bringing the claimed Red loss in that battle to 217 dead.

All the heavy fighting since the truce Monday has taken place along the central and northern coast where American and South Vietnamese sweeps were launched to counter unending Red buildup efforts.

However, American officers continue to believe new fighting is building up along the Cambodian border, in the Central Highlands and the jungled Communist War Zone C northwest of Saigon.

The presence of increased enemy supplies in the border area was demonstrated Wednesday night by a heavy mortar barrage fired into an American base camp at Dau Tieng, in the old stucco buildings of Ta Michelin rubber plantation.

The Red gunners fired 180 shells at the sandbagged camp, some with delayed fuses which went off hours later. The barrage wounded 39 soldiers of the 25th Infantry Division and a Red Cross worker.

Air officers reported new heavy strikes against North Vietnam Wednesday and said the weather improved slightly but ceilings remained below 3,000 feet in most areas. Hanoi claimed two U.S. planes were shot down, but initial American reports listed no losses.

Truck convoys in the southern part of North Vietnam were again the chief targets, as they have been since the truce ended, the U.S. Command said.

South Korean forces in Vietnam issued a year-end report announcing they had killed 6,708 enemy troops, captured 1,542 suspects and seized 4,536 weapons during 1967. South Korean casualties for the year were 770 dead and 1,845 wounded, the report said.

The Law

The annual church bazaar was well under way. The toys, trinkets, cakes, pies, crocheted doilies, books and other items were selling at a brisk pace.

"How much is the tax on this stuffed moose," one purchaser asked.

"Oh, we're a church. We don't have to charge any sales tax," the woman behind the counter replied.

OHIO'S SALES tax laws do provide for specific exemptions from the tax. For instance, food sold for human consumption off the premises where sold is not subject to the tax. No tax is charged on items sold to the state or any of its subdivisions.

However, when it comes to sales of tangible personal property by churches and non-profit charitable organizations, the rules are more complex.

Under the law, this type of organization does not have to charge sales tax on tangible personal property items sold if the number of sales programs, such as bazaars, do not exceed a total of six days in any calendar year or one day in any calendar month.

Once the total goes above this, then the sales tax must be charged in accordance with the rates set by law. Tangible personal property includes the toys, trinkets, planters and other items, plus any food consumed on the property where sold. The cakes and pies sold to take home are not subject to the tax.

IN COMPUTING the days permitted under the law, all sales, whether the door-to-door sales of candy bars or a sale on the premises, must be included. The law states that all sales by groups within a church or non - profit charitable organization are to be considered as sales of the entire organization.

So, if an annual bazaar or dinner is your only money-making function during the year, the sales tax status of your organization is generally easy to determine. However, once your organization begins having various sales by many internal groups, then proper records should be kept. Violation of the law may subject the church or organization to a fine of from $25 to $100 as well as incur liability for unpaid taxes.

South Vietnamese forces reported catching a few more enemy soldiers during mopping up operations, bringing the claimed Red loss in that battle to 217 dead.

All the heavy fighting since the truce Monday has taken place along the central and northern coast where American and South Vietnamese sweeps were launched to counter unending Red buildup efforts.

However, American officers continue to believe new fighting is building up along the Cambodian border, in the Central Highlands and the jungled Communist War Zone C northwest of Saigon.

The presence of increased enemy supplies in the border area was demonstrated Wednesday night by a heavy mortar barrage fired into an American base camp at Dau Tieng, in the old stucco buildings of Ta Michelin rubber plantation.

The Red gunners fired 180 shells at the sandbagged camp, some with delayed fuses which went off hours later. The barrage wounded 39 soldiers of the 25th Infantry Division and a Red Cross worker.

Air officers reported new heavy strikes against North Vietnam Wednesday and said the weather improved slightly but ceilings remained below 3,000 feet in most areas. Hanoi claimed two U.S. planes were shot down, but initial American reports listed no losses.

Truck convoys in the southern part of North Vietnam were again the chief targets, as they have been since the truce ended, the U.S. Command said.

South Korean forces in Vietnam issued a year-end report announcing they had killed 6,708 enemy troops, captured 1,542 suspects and seized 4,536 weapons during 1967. South Korean casualties for the year were 770 dead and 1,845 wounded, the report said.

Yuletide Mail Volume Up In Most Area Post Offices

With the exception of Wellsville, an increase was noted in the volume of Christmas mail this year over last in area post offices.

In East Liverpool, Postmaster Samuel Brown reported an increase of some 6 per cent and attributed some of it to the higher postage rates which will go into effect Jan. 7. He said he anticipates little decrease for the time being because of spring catalogues, tax forms and monthly statements.

Chester experienced a jump of between 4 to 6 per cent. Postmaster Robert Edwards said the mail reached a peak during the last two days before the holiday. Mrs. Phyllis Mackall, postmistress at Georgetown, said the volume was up over last year.

At Newell, Postmaster William White said that during 1966 about 85 parcels were handled a day at the peak. This year it was nearer to 100 a day. White attributed the increase to expansion of the area covered.

In Salineville, Postmaster C. J. Loch noted a 1.2 per cent increase, but commended residents for mailing their parcels and other mail early, providing the office an easier delivery than last year.

Wellsville reported a decrease of about 22,666 pieces of mail. Mrs. Grace Wilson, postmistress, could point out no one key factor in the decrease.

Meeting Set At 8 By Township Grange

The Liverpool Township Grange voted to begin future meetings at 8 p. m. when it met Wednesday night at the hall on the Campground Rd.

Ralph Haught, master, conducted business. Mrs. Wilma Crowe received a prize. Lunch was served by the men.

The next meeting will be Jan. 10.

Post Office Hours Listed For Holiday

Postmaster Samuel W. Brown reminded today that the downtown post office, Station A in East End and the Calcutta branch will be closed from Saturday noon until Tuesday morning.

Usual holiday receipts and dispatches will be taken care of and only special delivery and perishable mails will be delivered during this period, he said. The lobby in the main office will be open for those patrons having lock boxes. Mail will be collected from the collection boxes to correspond to the schedules appearing on the boxes. There will be no window services nor foot deliveries until the resumption of business Tuesday.

Brown also announced that the local, as well as all other post offices in the U.S., no longer will sell documentary or internal revenue tax stamps for legal documents.

Jan. 1 will end more than a century that the Post Office Department and the Internal Revenue Service have sold documentary stamps. The action was brought about by the expiration of the law requiring tax stamps on realty transactions. In 1966, the tax for capital stock certificates was done away with and on Jan. 1 the tax of 55 cents per $500 on real estate transfers will be removed. However, Brown says that the state since Dec. 12 has a tax and further information should be obtained from the county auditor's office in Lisbon.

The stamps still outstanding on Jan. 1 can be redeemed, but not at the local post office. Brown said he has "been advised that the IRS office in the new Federal Building in downtown Pittsburgh is one of the redemption centers and perhaps the Internal Revenue Service will be able to supply other offices that will be able to redeem. We still have some denominations and as always when something is about to disappear from the market collectors buy for later values."

Rogers OK's Road Project

ROGERS — Approval of resurfacing of Route 7 in the village was approved by Council Wednesday night.

The project, which will cost the village $200, is part of a resurfacing of Route 7 by the Ohio Highway Department to be undertaken in the spring.

Council also authorized the purchase of 1¼-inch hose for the volunteer fire department at a cost of $250.

Bills amounting to $400 were paid. Councilman-elect Donald Hays Jr. was present. Councilmen Glenn Baker and Kenneth Mackall were absent.

Mayor Glenn Rhodes presided. New members will be sworn in by Donald Elliott, solicitor, at a reorganization meeting Jan. 3.

Queen And King Named At Dance By Midland Band

Michele Ann Meriage was crowned queen by Mrs. Maurice Newman, band boosters' president, when the band held its dance at Lincoln High School in Midland Wednesday night.

Barney Newman was named king and presented the queen with a bouquet of red roses.

The other contestants for queen were Maxine Anderson, Patty Matteo and Carol Wuchina. The other contestants for king were Tim Doyle, Norman Orr and Ricky Roszler. All received gifts.

A sweater was presented to Louis Morace, band director, by Mrs. Newman on behalf of the band.

"The Crescendos" of Monaca played for dancing. Lunch was served to approximately 100.

Attempted Burglary Fails At Pearl China

LISBON — Sheriff's deputies investigated an attempted burglary Tuesday night at he Pearl China Co. on old Route 30 in California Hollow.

Neighbors called Shiri Vincent of Calcutta, the proprietor, when the burglar alarm sounded at 1:34 a. m.

Vincent said someone forced two doors open, but the alarm went off when an attempt was made to force a door into the display room. Nohing was taken, he said.

Plans Discussed For Installation By Chester Club

The Chester Kiwanis Club made plans for its installation dinner when it met Tuesday night in the City Hall.

Thayer Allison presided over his final meeting. Robert Cooley will take over as president after the first of the year.

A date for the installation has not been set, but it will be in the First Christian Church some time in January. It also will be "Ladies Night."

Frank Basil, lieutenant governor of the West Virginia 1st District, will be installing officer.

Eighteen attended the meeting. Cooley led singing. Allison offered the invocation.

Johnson

(Continued from Page 1)

180,000 poor and elderly citizens of the District of Columbia. Heretofore, the nation's capital was not included under these Social Security health programs.

Johnson was taking on a pile-up of pending bills with slow precision—his tally now five out of more than 40 measures awaiting the Presidential signature.

Johnson has been occupied mainly with fiscal problems since his arrival two days ago at his hill country Texas ranch 75 miles from here.

Budget Bureau Director Charles L. Schultze spent Wednesday afternoon with Johnson in the ranch office going over budget proposals for the Agriculture, Housing and Urban Development departments, the Atomic Energy Commission and a number of other undisclosed agencies.

Schultze flew in from Washington with Secretary of Agriculture Orville Freeman, Undersecretary of HUD Robert C. Wood, Atomic Energy Commission Chairman Glenn T. Seaborg and presidential assistant Joseph A. Califano Jr.

The Texas White House said none of these Washington advisers remained overnight at the ranch and no final decisions were made of any of the budgets discussed.

More administrative and economic advisers were expected at the ranch in the days ahead as Johnson continues his year-end assessment of the state of the union and plots the course for the fiscal year which starts next July 1.

Author Dies At 68

LA JOLLA, Calif. (AP) — Max Miller, 68, author of "I Cover the Waterfront", died Wednesday after he collapsed at his home. Miller wrote the best seller from his experience as ship news reporter for the old San Diego Sun. He also wrote 27 other books.

Corn, America's great food gift to the world, goes by many names. The Dutch, Hungarians and French sometimes call corn "Turkish wheat." The Turks call it "Egyptian corn" and Egyptians say "Syrian corn."

Jeanne Rae Copenahver, Edward Beaver Are Wed

Miss Jeanne Rae Copenhaver chose Dec. 9 — the 30th wedding anniversary of her parents, Mr. and Mrs. Ray Copenhaver of Hoffman Estates — for her marriage to Petty Officer 3C Edward L. Beaver Jr., son of Mr. and Mrs. Edward L. Beaver of Anderson Blvd.

The double - ring ceremony was performed by the Rev. H. Gene Toot in the Trinity United Presbyterian Church where the altar background was formed of palms and floral arrangements. Satin bows marked the family pews. Mrs. Jessie Hall Kaufman presented a half-hour recital of organ musiic.

—:—

GIVEN IN marriage by her father the bride wore a white lace over satin dress designed in A-line cage style. Her matching Dior bow headpiece held a shoulder veil of silk illusion. She carried a cascade arrangement of white orchids and carnations tied with satin streamers. The traditions were observed.

Mrs. Sue Walton, sister of the bride, was matron of honor. She was attired in a fern green color brocade silk dress and coat ensemble with a matching Dior bow and theater veil. Her Colonial bouquet featured carnations tinted to match her costume.

Charles David Smith of Norfolk, Va., uncle of the bridegroom, served as best man. Ushers were Edwin Arnold of Beaver Falls, cousin of the bridegroom, and Gary Mackey, brother-in-law of the bride.

The mother of the bride chose a gold knit ensemble with black accessories and the bridegroom's mother a beige suit with brown accessories. Carnation corsages complemented their attire.

—:—

RECEPTION for 100 followed at the Tri State Boots and Saddle Club, where a color theme of mint green and white predominated. The buffet table was centered with a three-tier cake topped with a miniature bridal couple. Mrs. Gloria Ziemmer played organ background music.

Aides were Mrs. Sybella Deshler, great - aunt of the bride, and Mrs. Marilyn Mackey, sister of the bride.

Among the guests were Mrs. Hazel Wooley, grandmother of the bride; Mrs. Grace Beaver and Mrs Olive Smith, grandmothers of the bridegroom, and Mrs Lottie A. Smith, his great-grandmother.

The newlyweds are 1965 graduates of East Liverpool High School. The bride formerly was employed as a secretary at the National Church Supply Co. Her husband has been in the Navy for a year.

The couple honeymooned in Puerto Rico, where they will reside, he being stationed there.

The bridegroom's parents entertained for the rehearsal dinner party.

How Can I?

By Anne Ashley

Q. — How can I remedy the shower head in my bathroom, which is clogged with lime and mineral deposits?

A. — Try boiling the shower head in a solution of one quart of water and one - half cup of vinegar. About fifteen minutes of this treatment should make the shower head work like new.

Q. — My needle always sticks when sewing on plastic materials. How can I avoid this?

A. — By rubbing talcum powder on your needle.

Q. — How can I remove blood from a cushion or other hard-to-clean objects?

A. — Cover immediately with a paste of cornstarch and water, rubbing it on, then putting the cushion in the sun to dry. The sun draws the blood out into the cornstarch. Brush off the dry cornstarch, and if the spot is not completely gone, repeat the routine.

Q.—How can I prevent lime from forming inside a new teakettle?

A.—By keeping a seashell in the kettle.

Q. — How can I keep paint brushes soft?

A. — After using a paint or varnish brush, clean it thoroughly with naphtha. Then rub with petroleum jelly and put away free from dust.

Chairmen Set In Fund Drive

LISBON — Bennett D. Taylor Jr. Boy Scout executive, and the Rev. Donald Blom of the Trinity United Presbyterian Church will be co - chairmen tor the Lisbon and Center Township Community Fund campaign next fall.

Trustees elected them at the year-end meeting Wednesday in Village Hall. Mrs. William Ashton was elected secretary and Donald Rudibaugh treasurer. Franklin Rudibaugh was 1967 campaign chairman, with Mrs. Vida Davies co-chairman.

Trustees next month will begin mailing checks to the 10 agencies sharing in the local "chest." which currently contains $5,560 compared with a $10,000 goal. Checks, accordingly, will be for only a little more than half the amounts allocated. Additional money will be forwarded as it comes in.

Community Fund agencies follow with amounts allocated based on a successful campaign:

Boy Scouts, $3,500; Camp Fire Girls, $2,000; Junior Baseball Association, $1,000; Salem City Hospital, $500; Hannah E. Mullins School of Practical Nursing, $100; Y-Teens, $150; Salvation Army, $900; Lisbon Youth Center, $1,000; Salem Central Clinic, $200; Muscular Dystrophy Association, $250. Trustees allocated 3 per cent, or $300, for operating funds.

Poison

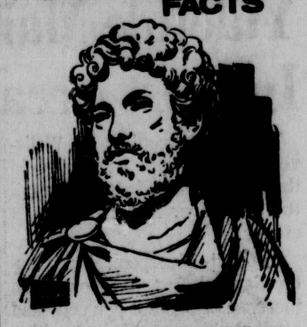
was believed to be a heart attack.

Actually, authorities said an autopsy was performed on the body of Melvin Gibbs some months ago in Americus. But the physician who performed the autopsy, Dr. Frederick H Thompson, said Wednesday night he would have no comment on the results of the autopsy or the exhumation of the bodies.

The Gibbs' home at Arabi burned after her husband's death and she moved to her present home in Cordel.

The Crisp County coroner, J.D. Rainey, who also is an undertaker, directed the funerals of four members of the family. He petitioned Crisp Superior Court for the order to open the graves at the request of the state prosecutor, Sol. Gen. D. E. Turk.

WORLD ALMANAC FACTS



Marcus Aurelius Roman emperor from A.D. 161 to 180, was one of history's few men to disprove Lord Acton's phrase that "absolute power corrupts absolutely." Marcus was a philosopher whose life and Meditations were classic examples of the Stoic philosophy of private virtue and public service.

The most extensive virgin hardwood and red spruce forests in the United States are to be found in Great Smoky Mountains National Park.

Student

(Continued from Page 1)

an organization man more than anything else), is different from life for the families in the blighted areas of the country.

But more important, I know that like other American institutions, the American city is changing, either for the better or for the worse.

I think that in East Liverpool one can see the results of people moving from the business district into the suburban districts. The houses in the former are usually left in poor conditions while those in the latter areas are, in my opinion, merely luxurious.

But the service stations along St. Clair Ave. or on Pleasant Heights, for example, are evidence of growing business in the suburbs which might be even busier than the old business district in the future. The one regressive effect of this tendency, in my opinion, is that some residents of the city, perhaps because of circumstances beyond their control, are stuck with the old business district of the city. I do think that there is a lot that can be done, perhaps by the help of government agencies and the more fortunate individuals, to effect favorable changes in these areas.

—:—

LOOKING AT the other side of the picture, the new high school and the projected apartment buildings for elderly people are signs of progress in the city. I think they show that the 23,000 or so residents of East Liverpool care for the education of their young ones and also for the living conditions of the old. I think there is hope in the improvements on the highways connecting the city to other areas. I think the city's police and fire departments are better than average in efficiency.

But even here more could be done. I think, for example, that persons picked up for traffic violations could use better cells while they spend the night in City Hall than what the city does provide them now. I think the area along the Ohio River could be cleaned up, easily without getting City Hall broke.

Once I was told that one can learn a lot about a city by looking through the yellow pages of its telephone directory. I was told that the number of liquor stores, drugstores, banks, churches and funeral homes can tell one a lot about a city. Well, I browsed through the East Liverpool telephone directory, but I have also lived here, and the two experiences are not quite the same.

By living in this city I have found that once you get to meet the people, they do, as a matter of fact, have a minute to stop and say hello. Saying that no one cares about other people any more is, I think, generalizing, and does not quite give credit where it is due.

I have visited several business and industrial areas and government departments and I have found the people to be warm, friendly and very willing to help.

Some of these people, of course, might have been doing so because of the urge to show strangers how successful the American system has been.

But I think that we are all proud of our achievements, and I don't think that is a bad tendency.

an organization man more than anything else), is different from life for the families in the blighted areas of the country.

But more important, I know that like other American institutions, the American city is changing, either for the better or for the worse.

I think that in East Liverpool one can see the results of people moving from the business district into the suburban districts. The houses in the former are usually left in poor conditions while those in the latter areas are, in my opinion, merely luxurious.

But the service stations along St. Clair Ave. or on Pleasant Heights, for example, are evidence of growing business in the suburbs which might be even busier than the old business district in the future. The one regressive effect of this tendency, in my opinion, is that some residents of the city, perhaps because of circumstances beyond their control, are stuck with the old business district of the city. I do think that there is a lot that can be done, perhaps by the help of government agencies and the more fortunate individuals, to effect favorable changes in these areas.

—:—

LOOKING AT the other side of the picture, the new high school and the projected apartment buildings for elderly people are signs of progress in the city. I think they show that the 23,000 or so residents of East Liverpool care for the education of their young ones and also for the living conditions of the old. I think there is hope in the improvements on the highways connecting the city to other areas. I think the city's police and fire departments are better than average in efficiency.

But even here more could be done. I think, for example, that persons picked up for traffic violations could use better cells while they spend the night in City Hall than what the city does provide them now. I think the area along the Ohio River could be cleaned up, easily without getting City Hall broke.

Once I was told that one can learn a lot about a city by looking through the yellow pages of its telephone directory. 180,000 poor and elderly citizens of the District of Columbia. Heretofore, the nation's capital was not included under these Social Security health programs.

Johnson was taking on a pile-up of pending bills with slow precision—his tally now five out of more than 40 measures awaiting the Presidential signature.

Johnson has been occupied mainly with fiscal problems since his arrival two days ago at his hill country Texas ranch 75 miles from here.

Budget Bureau Director Charles L. Schultze spent Wednesday afternoon with Johnson in the ranch office going over budget proposals for the Agriculture, Housing and Urban Development departments, the Atomic Energy Commission and a number of other undisclosed agencies.

Schultze flew in from Washington with Secretary of Agriculture Orville Freeman, Undersecretary of HUD Robert C. Wood, Atomic Energy Commission Chairman Glenn T. Seaborg and presidential assistant Joseph A. Califano Jr.

The Texas White House said none of these Washington advisers remained overnight at the ranch and no final decisions were made of any of the budgets discussed.

More administrative and economic advisers were expected at the ranch in the days ahead as Johnson continues his year-end assessment of the state of the union and plots the course for the fiscal year which starts next July 1.

Author Dies At 68

LA JOLLA, Calif. (AP) — Max Miller, 68, author of "I Cover the Waterfront", died Wednesday after he collapsed at his home. Miller wrote the best seller from his experience as ship news reporter for the old San Diego Sun. He also wrote 27 other books.

Corn, America's great food gift to the world, goes by many names. The Dutch, Hungarians and French sometimes call corn "Turkish wheat." The Turks call it "Egyptian corn" and Egyptians say "Syrian corn."

Jeanne Rae Copenahver, Edward Beaver Are Wed

Miss Jeanne Rae Copenhaver chose Dec. 9 — the 39th wedding anniversary of her parents, Mr. and Mrs. Ray Copenhaver of Hoffman Estates — for her marriage to Petty Officer 3C Edward L. Beaver Jr., son of Mr. and Mrs. Edward L. Beaver of Anderson Blvd.

The double - ring ceremony was performed by the Rev. H. Gene Toot in the Trinity United Presbyterian Church where the altar background was formed of palms and floral arrangements. Satin bows marked the family pews. Mrs. Jessie Hall Kaufman presented a half-hour recital of organ musiic.

—:—

GIVEN IN marriage by her father the bride wore a white lace over satin dress designed in A-line cage style. Her matching Dior bow headpiece held a shoulder veil of silk illusion. She carried a cascade arrangement of white orchids and carnations tied with satin streamers. The traditions were observed.

Mrs. Sue Walton, sister of the bride, was matron of honor. She was attired in a fern green color brocade silk dress and coat ensemble with a matching Dior bow and theater veil. Her Colonial bouquet featured carnations tinted to match her costume.

Charles David Smith of Norfolk, Va., uncle of the bridegroom, served as best man. Ushers were Edwin Arnold of Beaver Falls, cousin of the bridegroom, and Gary Mackey, brother-in-law of the bride.

The mother of the bride chose a gold knit ensemble with black accessories and the bridegroom's mother a beige suit with brown accessories. Carnation corsages complemented their attire.

—:—

RECEPTION for 100 followed at the Tri State Boots and Saddle Club, where a color theme of mint green and white predominated. The buffet table was centered with a three-tier cake topped with a miniature bridal couple. Mrs. Gloria Ziemmer played organ background music.

Aides were Mrs. Sybella Deshler, great - aunt of the bride, and Mrs. Marilyn Mackey, sister of the bride.

Among the guests were Mrs. Hazel Wooley, grandmother of the bride; Mrs. Grace Beaver and Mrs Olive Smith, grandmothers of the bridegroom, and Mrs Lottie A. Smith, his great-grandmother.

The newlyweds are 1965 graduates of East Liverpool High School. The bride formerly was employed as a secretary at the National Church Supply Co. Her husband has been in the Navy for a year.

The couple honeymooned in Puerto Rico, where they will reside, he being stationed there.

The bridegroom's parents entertained for the rehearsal dinner party.

How Can I?

By Anne Ashley

Q. — How can I remedy the shower head in my bathroom, which is clogged with lime and mineral deposits?

A. — Try boiling the shower head in a solution of one quart of water and one - half cup of vinegar. About fifteen minutes of this treatment should make the shower head work like new.

Q. — My needle always sticks when sewing on plastic materials. How can I avoid this?

A. — By rubbing talcum powder on your needle.

Q. — How can I remove blood from a cushion or other hard-to-clean objects?

A. — Cover immediately with a paste of cornstarch and water, rubbing it on, then putting the cushion in the sun to dry. The sun draws the blood out into the cornstarch. Brush off the dry cornstarch, and if the spot is not completely gone, repeat the routine.

Q.—How can I prevent lime from forming inside a new teakettle?

A.—By keeping a seashell in the kettle.

Q. — How can I keep paint brushes soft?

A. — After using a paint or varnish brush, clean it thoroughly with naphtha. Then rub with petroleum jelly and put away free from dust.

Chairmen Set In Fund Drive

LISBON — Bennett D. Taylor Jr. Boy Scout executive, and the Rev. Donald Blom of the Trinity United Presbyterian Church will be co - chairmen tor the Lisbon and Center Township Community Fund campaign next fall.

Trustees elected them at the year-end meeting Wednesday in Village Hall. Mrs. William Ashton was elected secretary and Donald Rudibaugh treasurer. Franklin Rudibaugh was 1967 campaign chairman, with Mrs. Vida Davies co-chairman.

Trustees next month will begin mailing checks to the 10 agencies sharing in the local "chest," which currently contains $5,560 compared with a $10,000 goal. Checks, accordingly, will be for only a little more than half the amounts allocated. Additional money will be forwarded as it comes in.

Community Fund agencies follow with amounts allocated based on a successful campaign:

Boy Scouts, $3,500; Camp Fire Girls, $2,000; Junior Baseball Association, $1,000; Salem City Hospital, $500; Hannah E. Mullins School of Practical Nursing, $100; Y-Teens, $150; Salvation Army, $900; Lisbon Youth Center, $1,000; Salem Central Clinic, $200; Muscular Dystrophy Association, $250. Trustees allocated 3 per cent, or $300, for operating funds.

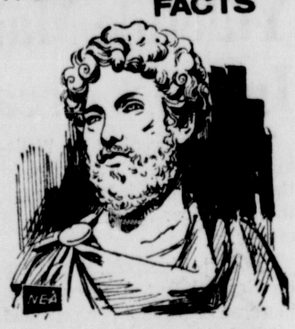
was believed to be a heart attack.

Actually, authorities said an autopsy was performed on the body of Melvin Gibbs some months ago in Americus. But the physician who performed the autopsy, Dr. Frederick H Thompson, said Wednesday night he would have no comment on the results of the autopsy or the exhumation of the bodies.

The Gibbs' home at Arabi burned after her husband's death and she moved to her present home in Cordel.

The Crisp County coroner, J.D. Rainey, who also is an undertaker, directed the funerals of four members of the family. He petitioned Crisp Superior Court for the order to open the graves at the request of the state prosecutor, Sol. Gen. D. E. Turk.

WORLD ALMANAC FACTS



Marcus Aurelius Roman emperor from A.D. 161 to 180, was one of history's few men to disprove Lord Acton's phrase that "absolute power corrupts absolutely." Marcus was a philosopher whose life and Meditations were classic examples of the Stoic philosophy of private virtue and public service.

The most extensive virgin hardwood and red spruce forests in the United States are to be found in Great Smoky Mountains National Park.

'Open House' Set Sunday On Wedding Anniversary

Mr. and Mrs. R. O. Lewis of 1607 Main St., Wellsville, will observe their golden wedding anniversary Sunday afternoon with open house from 3 to 6.

At 4 o'clock, Mr. and Mrs. Lewis will renew their marriage vows with his brother, the Rev. Mahlon M. Lewis, pastor of the Greater St. Matthew Independent Church of Philadelphia, officiating. He will be assisted by the Rev. C. A. Burgan, pastor of Lee's Chapel AME Church of Wellsville. Mrs. Tina Lewis Mays of Columbus, a sister - in - law, again will serve as witness and soloists will be Mrs. Bertha Wright and Miss Edith Fuqua of Wellsville.

The couple was married Dec. 31, 1917, at Wellsburg, W. Va., by the Rev. G. A. Allison, pastor of the Methodist Episcopal Church. They have four children, Roland Jr. of Cleveland, Edwin of Pomona, Calif., Mrs. Vera Valentine of East Liverpool and Mrs. Grace Johnson of Pasadena, Calif. Another daughter, Imogene, died July 14, 1934. Mr. and Mrs. Lewis also have five grandchildren.

Roland Lewis was born at Ronceverte, W. Va., a son of the late Mary Ellen Morris Lewis and the Rev. Charles Lewis. He was a millwright for the Pennsylvania Railroad Co. for 48 years, retiring in 1955 because of ill health.

His wife, Mrs. Miriam Lewis, the daughter of the late William and Emma Wright, was born in Beaver Falls. She is known throughout the valley for her missionary work among the sick and afflicted.

They have resided their entire married life in Wellsville, with the exception of five years when they were in California. They have lived in their present home since 1926.

How Can I?

By ANNE ASHLEY

Q.—How can I remedy wide doors and cabinet doors that have warped?

A.—These doors can frequently be straightened out by applying heat with an ordinary heat lamp on the convex side. Do not hold the lamp so close that the surface finish is scorched, and remove the heat source as soon as the warp disappears. Then immediately coat both sides and edges of the door with sealer to prevent any re-entry of moisture.

Q.—How can I restiffen or resize a rug that has become limp and lifeless?

A.—The resizing of a small rug is not too difficult. Dissolve four ounces of flake glue completely in two quarts of boiling water. Then lay the rug, which has been cleaned thoroughly, face down on the floor and tack it at intervals to hold it straight. Brush your glue solution lightly and sparingly over the back of the rug, being careful not to let it soak through. Let the rug dry in this position for at least 24 hours before relaying it.

Q.—How can I remove the smell of stale cigarette smoke from my home?

A.—Take a metal pan (one left over from a TV dinner or other frozen food works well), and put into it a teaspoon of nutmeg or cinnamon. Place over your stove burner and burn slowly until all the spice is burned from the pan. Works fine.

Q.—How can I remedy lumpy paint?

A.—One very easy way to strain it without pouring from its can is by cutting a circle from an old window screen slightly smaller than the can lid, stirring your paint, and then dropping this screen into the can. As the screen settles to the bottom of the can it will carry all the lumps with it.

News Of Area Residents In Armed Forces

Airman 1C Robert A. Bloor of 167 Thompson Ave. is serving as a member of the Air Defense Command wing which recently completed the first long-range flight to include missile firings at radio controlled drone targets and aerial refueling on the same mission.

Bloor, an aircraft mechanic, was graduated from East Liverpool High School and attended Kent State University.

Lt. Robert Heidel, son of Mr. and Mrs. Richard Heidel of 1233 Cora St., and his wife, the former Barbara Littell, daughter of Mr. and Mrs. Glenn Littell of Imperial Dr., phoned their parents Tuesday from his Air Force base at Yokota, Japan.

Marine Pvt. Franklin L. Kirby will report to Camp Pendleton, Calif., prior to departure for the Western Pacific, after a visit with his parents, Mr. and Mrs. Dee Kirby of Westfield. He recently completed boot training at San Diego and has been assigned the duties of a machine gunner.

Marine Pvt. Ronnie L. Joy, son of Mr. and Mrs. Joy of 532 Broadway, Wellsville, has completed boot training at Parris Island, N. C., and is on leave visiting his parents. He will report to Camp Pendleton, Calif., prior to duty in the Western Pacific.

Army Spec. 4 Danny L. Barnhouse, son of Mr. and Mrs. Nick Divjak of Lisbon RD 1, has arrived in Vietnam with his unit, the 101st Airborne Division. He was stationed at Ft. Campbell, Ky., and is assigned as a mechanic in Co. A of the division's 801st Maintenance Battalion. His wife, Darla, resides at 211 S. Lincoln Ave., Lisbon.

Army Corps Pvt. Bonnie E. Britton, daughter of Mr. and Mrs. Dale H. Norton of East Palestine, has completed a medical specialist course at Ft. Sam Houston, Tex.

Army Spec. 4 James Bishop, husband of Mrs. Joyce Bishop of Irondale RD 1, is home from Ft. Bragg, N. C. The couple has a daughter, Geraldine Sue Bishop.

Marine Cpl. Kenneth Davidson, son of Mr. and Mrs. Fred Davidson of Hammondsville, is home on a 14-day leave from El Torro, Santa Ana, Calif.

Air Force Tech. Sgt. and Mrs. Darrel Post and daughter Terry of Alexandria, Va., visited recently with Mr. and Mrs. Fred Davidson of Hammondsville. They returned in November following the sergeant's two and a half year tour of duty at Hickham base, Honolulu.

Post has served in the Air Force 13½ years.

Seaman Larry R. Kiddey, who is stationed in Vietnam, phoned his wife, Mrs. Sybil Kiddey of Glenmoor, Christmas Eve from Yokohama, Japan. He has been overseas for 10 months and enlisted in November 1966. He attended East Liverpool High School.

Navy Controlman Airman James R. Green, son of Mr. and Mrs. Frank J. Sweetall Jr. of Georgetown RD 1, has returned to the United States following a seven month deployment with the Sixth Fleet in the Mediterranean aboard the attack aircraft carrier Saratoga.

After making 10 port calls in seven different countries, the Saratoga arrived in her home port, Mayport, Fla.

Crewmen will be given the opportunity of spending the holiday season in Mayport before sailing to Philadelphia for extensive overhaul.

'Open House' Set Sunday On Wedding Anniversary

Mr. and Mrs. R. O. Lewis of 1607 Main St., Wellsville, will observe their golden wedding anniversary Sunday afternoon with open house from 3 to 6.

At 4 o'clock, Mr. and Mrs. Lewis will renew their marriage vows with his brother, the Rev. Mahlon M. Lewis, pastor of the Greater St. Matthew Independent Church of Philadelphia, officiating. He will be assisted by the Rev. C. A. Burgan, pastor of Lee's Chapel AME Church of Wellsville. Mrs. Tina Lewis Mays of Columbus, a sister - in - law, again will serve as witness and soloists will be Mrs. Bertha Wright and Miss Edith Fuqua of Wellsville.

The couple was married Dec. 31, 1917, at Wellsburg, W. Va., by the Rev. G. A. Allison, pastor of the Methodist Episcopal Church. They have four children, Roland Jr. of Cleveland, Edwin of Pomona, Calif., Mrs. Vera Valentine of East Liverpool and Mrs. Grace Johnson of Pasadena, Calif. Another daughter, Imogene, died July 14, 1934. Mr. and Mrs. Lewis also have five grandchildren.

Roland Lewis was born at Ronceverte, W. Va., a son of the late Mary Ellen Morris Lewis and the Rev. Charles Lewis. He was a millwright for the Pennsylvania Railroad Co. for 48 years, retiring in 1955 because of ill health.

His wife, Mrs. Miriam Lewis, the daughter of the late William and Emma Wright, was born in Beaver Falls. She is known throughout the valley for her missionary work among the sick and afflicted.

They have resided their entire married life in Wellsville, with the exception of five years when they were in California. They have lived in their present home since 1926.

How Can I?

By ANNE ASHLEY

Q.—How can I remedy wide doors and cabinet doors that have warped?

A.—These doors can frequently be straightened out by applying heat with an ordinary heat lamp on the convex side. Do not hold the lamp so close that the surface finish is scorched, and remove the heat source as soon as the warp disappears. Then immediately coat both sides and edges of the door with sealer to prevent any re-entry of moisture.

Q.—How can I restiffen or resize a rug that has become limp and lifeless?

A.—The resizing of a small rug is not too difficult. Dissolve four ounces of flake glue completely in two quarts of boiling water. Then lay the rug, which has been cleaned thoroughly, face down on the floor and tack it at intervals to hold it straight. Brush your glue solution lightly and sparingly over the back of the rug, being careful not to let it soak through. Let the rug dry in this position for at least 24 hours before relaying it.

Q.—How can I remove the smell of stale cigarette smoke from my home?

A.—Take a metal pan (one left over from a TV dinner or other frozen food works well), and put into it a teaspoon of nutmeg or cinnamon. Place over your stove burner and burn slowly until all the spice is burned from the pan. Works fine.

Q.—How can I remedy lumpy paint?

A.—One very easy way to strain it without pouring from its can is by cutting a circle from an old window screen slightly smaller than the can lid, stirring your paint, and then dropping this screen into the can. As the screen settles to the bottom of the can it will carry all the lumps with it.

U.S., South Vietnamese, Enemy War Deaths Drop

SAIGON (AP) — The number of Americans, South Vietnamese and enemy troops killed in the Vietnam war dropped slightly last week while the toll of U.S. wounded rose in fighting that officially was described as light to moderate.

The U.S. Command, in its weekly summary issued today, said 166 U.S. personnel were killed in the seven-day reporting period ending at midnight Saturday. A week earlier 187 were reported killed

The number of Americans wounded climbed to 1,361, after dropping to 932 a week earlier. Of the 1,361 wounded, the command said 762 did not require hospitalization.

The new casualty figures pushed to 15,812 the number of Americans killed so far in the war and the total wounded to 99,305. Of the wounded, the command reported 46,640 did not require hospitalization. Another 866 Americans are listed as missing, captured or interned since Jan. 1, 1961.

South Vietnamese military headquarters reported 234 government troops were killed in action last week as compared with 278 a week earlier. There were 629 wounded last week, spokesmen said, and 26 missing. A week earlier the wounded total was 641 and the missing 179.

The number of enemy reported killed last week was put at 1,523, with 826 by U.S. and other allied forces and 697 by South Vietnamese forces. A week earlier the total enemy reported killed was 1,685.

Other allied forces fighting in Vietnam reported 20 men killed and 34 wounded. None were listed as missing. A week earlier these totals were 13 killed, 18 wounded and none missing.

No breakdown by country is reported in this category.

The U.S. Command also announced that American troop strength in South Vietnam had surpassed that of the Korean War at its peak.

In its weekly summary, headquarters announced there were 478,000 U.S. troops in South Vietnam as of last Saturday, surpassing by 5,200 the peak strength of 472,800 during the Korean war.

The 478,000 figure showed an increase of 6,000 troops over the previous week ending Dec. 16. The new figure included 4,000 men of the new 11th Infantry Brigade which arrived in Vietnam last month.

The breakdown was given this way: Army, 312,000; Marines, 78,000; Air Force, 56,000; Navy 31,000; Coast Guard 1,200.

The 478,000 figure does not include the 7,000 men of the U.S. 7th Fleet, which launches air strikes against North Vietnam from the Tonkin Gulf, and some 30,000 Air Force men stationed at bases in Thailand, who also participate in strikes against the North.

Hunter's Pellets Strike Workman Near Salem Plant

SALEM — Pellets from a hunter's shotgun hit a workman in the face Wednesday about 3 p. m. outside the Nease chemical plant on Route 14 alternate northwest of here.

Velji N. Bid, 28, of 770 E. 4th St., was treated at Salem City Hospital for two pellet wounds — one just below the corner of the right eye and the other on the jawbone.

Sheriff's Deputy Richard Koffel said Bid told him he was outside the northwestern end of the plant, felt a stinging sensation in his face as he heard a shot, and realized he had been hit. A co-worker took him to the hospital. Bid was released after treatment.

The deputy said the gun—a new 12-gauge model—was fired by Roger W. Higgins, 17, son of Mr. and Mrs. Jack Higgins of Salem RD 1, who lives close to the chemical plant.

Koffel said the youth told him he was on his land, kicked out a rabbit and fired as it ran toward the chemical plant. Koffel said the youth was approximately 300 feet from the spot where Bid was hit.

He said the boy told him he had trouble locating the "safety" on the gun and by the time he unfastened it the rabbit was a distance away and he fired nearly parallel to the ground.

The term poultry includes chickens, turkeys, ducks, geese, guinea fowl, squabs — and sometimes sytematically - raised quails and pheasants.

The milking cow consumes 45 pounds of food a day.

Council At Midland Hears Wage Agreement Report

Midland Council Wednesday night received a report of the wage agreement granted city employes. Pay hikes were included in the budget adopted recently.

Council also received a reply of inquiries on snow removal and ashing of Route 68, scene of a heavy traffic tieup during a recent snow storm.

Mayor Eli Corak, chairman of negotiations for borough employes, announced a new wage agreement has been reached with Jerry Beck, Staff Representative of Local 59.

The benefits include retirement at age 65 with a pension of $100 a month; death benefits of $1,200 to the widow or next of kin; a 10 cent across the board for all hourly employees, with salary workers getting a $300 a year raise.

Sickness and accident benefits were hiked from $60 to $65 a week. A bereavement of three days with pay for the death of a next of kin was granted. Vacation will be three weeks for 10 to 20 years service, four weeks for 20 to 25 years and five weeks for more than 25 years service.

Corak said it is "an excellent contract" adding the budget was prepared to meet it. He also announced the Council members and mayor will receive raises according to House Bill 537 passed in Harrisburg. Borough salaries will be adjusted and pro rated according to population. Corak stated Midland with a population of 6,400 is better paid than some boroughs with populations up to 30,000.

In a letter, Rep. Robert O. Davis of the 13th District said he agrees with Council the snow removal program needs to be remedied.

Council directed a letter to the legislator after a heavy snowfall caused a serious traffic tieup. Route 68 between Midland and East Liverpool and Midland and Industry was not cleared, backing up traffic for hours.

Davis said he had written to James Miller, highway maintenance superintendent for Beaver County, stating he believes the care of the road was slow, considering the fact there were advance warnings of the snow.

Davis, in answering a reporter's question, said many residents of the area complained to him personally about the matter. He said he came to Midland to mail the letter to Council so it would arrive on time for last night's meeting.

Mrs. Angeline Vranich of Beaver Ave., spokesman for a group representing the Community Action Committee again asked for Council's help in procuring a building for a day care nursery. Raymond Presutti, vice president, said Solicitor Frank Suffoletta was still investigating. Mrs. Hattie Jones of Midcrest asked representatives of Council to attend the CAC meeting Jan. 22 at 7 p. m. at the Borough Building when Rev. Matthew Strong, guest speaker, will explain the funds available for the project.

Harold Kemp, district manager for the Cable TV firm in Midland, said some residents may feel they are being billed for two months service as customers who signed up for the cable in November have received their bills for December and January. He explained the first bill was late and the other isn't due until Jan. 1.

Nick Dolanski of 7th St. complained he doesn't like the coupon system of paying the bill as it is too much trouble, and suggested the firm study the possibility of having the bills paid at one of the banks. Mayor Corak said "We have the cheapest cable TV in the area because Council voted to return the percentage usually returned to the borough to the subscribers."

A letter was received from Shippingport Borough thanking the Midland Police Department for the asistance they have given.

A reorganization meeting will be held Jan. 2 when Presutti, Joseph Hibbard and Joseph D'Alesio, incumbent Councilmen, will be sworn in.

On behalf of Council, Corak wished everyone a prosperous New Year.

Aliquippa Man Held At Midland

An Aliquippa man, on parole for larceny of a motor vehicle, faces two charges in Midland as the result of an burglary attempt.

Taylor Jones, 21, of Park St., Aliquippa, will receive a hearing at a later date before Justice of the Peace Steve Germusa for burglary and malicious mischief.

The second charge stems from damage he caused at the Midland police station when he was jailed.

Patrolman Mike Borato received a call Tuesday at 1 a. m. from John Wise of 416 Penn Ave. that someone was attempting to break into his house.

Sgt. William Anusich and Patrolman Eli Bratich answered the call. The burglar had escaped by the time they arrived and Wise said he had fired a shot.

Two men, including Jones, were picked up a short time later in the vicinity.

Charges were filed against Benny Tyson, 27, of Aliquippa, but later were dropped.

The University of Cincinnati is the oldest municipal university in the United States.

New Trial Sought In Murder Conviction

ELYRIA, Ohio (AP) — Attorneys for Willam J. Stuart, convicted last week of second-degree murder in the Oct. 6 slaying of Larry Rodgers, filed a motion for a new trial Wednesday in Lorain County Common Pleas Court.

Stuart, 32, of Sheffield Lake, was sentenced to life in prison for the killing of Rodgers in the bedroom of Stuart's estranged wife. Rodgers lived in Elyria.

Pulitzer Winner Dies

CARMEL, Calif. (AP)—Martin Flavin, 84, Pulitzer Prize-winning novelist and playwright, died Wednesday of complications from a fall last month. Flavin won the Harper Prize, as well as the Pulitzer, in 1943 for his novel, "Journey in the Dark."

Ponce de Leon, who discovered it on Eastern Sunday, gave Florida its name. The Spanish name he gave it was "Pascua Florida," meaning "feast of flowers."

The Hawaiian Islands originally were named the Sandwich Islands.

Beaver Soldier Killed In Error By Own Troops

A Beaver County soldier, standing guard near Chu Chi, Vietnam, was mistaken for the enemy and shot and killed by his own troops on Christmas Eve, the Defense Department has reported.

Army Pfc. Larry W. Pierce, 21, went to Vietnam Nov. 3 after volunteering while serving in Germany, according to his father, Dolliver W. Pierce, of 59 Grandview St., Baden.

Pierce enlisted in the Army Oct. 31, 1966, after attending Geneva College for a year.

He was a 1964 graduate of Freedom High School.

Pierce received basic training at Ft. Jackson, S. C. He last was home on a 45 - day leave before he was shipped to Vietnam.

Surviving are his parents, two brothers and two sisters.

Rembrandt's full name was Rembrandt Harmensz van Rijn. The famed artist is best known by his first name.

County Fair Plans Begun By Directors

LISBON — Directors of the Columbiana County Fair are lining up attractions for the 123rd annual exposition to be held Wednesday through Sunday, Aug. 21-25.

Representatives of Variety attractions of Zanesville attended the directors' meeting Wednesday night at the cooperative extension service office on S. Market St.

Ben Weingart of Leetonia RD 1, president, appointed Wilbur Whan of Leetonia RD 1 to head the sheep, swine and grain, feeds, hay and grass silage departments. Whan is a new member of the board.

Other department chiefs, all reappointed last night, are Galen Greenisen of Salem RD 2, speed program; Edwin Thompson of Lisbon RD 5, horses and ponies; Rolland Stryffeler of Beloit RD 2, cattle; Ike Skeels of Lisbon RD 4, poultry; Donald Elliott of Rogers, vegetables and fruits and flowers; William Werner of Salem RD 2, Junior Fair, and wives of directors, culinary and textile arts.

Several directors plan to attend the Ohio fair managers' convention Jan. 10-12 at Columbus.

The U.S. Command also announced that American troop strength in South Vietnam had surpassed that of the Korean War at its peak.

In its weekly summary, headquarters announced there were 478,000 U.S. troops in South Vietnam as of last Saturday, surpassing by 5,200 the peak strength of 472,800 during the Korean war.

The 478,000 figure showed an increase of 6,000 troops over the previous week ending Dec. 16. The new figure included 4,000 men of the new 11th Infantry Brigade which arrived in Vietnam last month.

The breakdown was given this way: Army, 312,000; Marines, 78,000; Air Force, 56,000; Navy 31,000; Coast Guard 1,200.

The 478,000 figure does not include the 7,000 men of the U.S. 7th Fleet, which launches air strikes against North Vietnam from the Tonkin Gulf, and some 30,000 Air Force men stationed at bases in Thailand, who also participate in strikes against the North.

Hunter's Pellets Strike Workman Near Salem Plant

SALEM — Pellets from a hunter's shotgun hit a workman in the face Wednesday about 3 p. m. outside the Nease chemical plant on Route 14 alternate northwest of here.

Velji N. Bid, 28, of 770 E. 4th St., was treated at Salem City Hospital for two pellet wounds — one just below the corner of the right eye and the other on the jawbone.

Sheriff's Deputy Richard Koffel said Bid told him he was outside the northwestern end of the plant, felt a stinging sensation in his face as he heard a shot, and realized he had been hit. A co-worker took him to the hospital. Bid was released after treatment.

The deputy said the gun—a new 12-gauge model—was fired by Roger W. Higgins, 17, son of Mr. and Mrs. Jack Higgins of Salem RD 1, who lives close to the chemical plant.

Koffel said the youth told him he was on his land, kicked out a rabbit and fired as it ran toward the chemical plant. Koffel said the youth was approximately 300 feet from the spot where Bid was hit.

He said the boy told him he had trouble locating the "safety" on the gun and by the time he unfastened it the rabbit was a distance away and he fired nearly parallel to the ground.

The term poultry includes chickens, turkeys, ducks, geese, guinea fowl, squabs — and sometimes sytematically - raised quails and pheasants.

Council At Midland Hears Wage Agreement Report

Midland Council Wednesday night received a report of the wage agreement granted city employes. Pay hikes were included in the budget adopted recently.

Council also received a reply of inquiries on snow removal and ashing of Route 68, scene of a heavy traffic tieup during a recent snow storm.

Mayor Eli Corak, chairman of negotiations for borough employes, announced a new wage agreement has been reached with Jerry Beck, Staff Representative of Local 59.

The benefits include retirement at age 65 with a pension of $100 a month; death benefits of $1,200 to the widow or next of kin; a 10 cent across the board for all hourly employees, with salary workers getting a $300 a year raise.

Sickness and accident benefits were hiked from $60 to $65 a week. A bereavement of three days with pay for the death of a next of kin was granted. Vacation will be three weeks for 10 to 20 years service, four weeks for 20 to 25 years and five weeks for more than 25 years service.

Corak said it is "an excellent contract" adding the budget was prepared to meet it. He also announced the Council members and mayor will receive raises according to House Bill 537 passed in Harrisburg. Borough salaries will be adjusted and pro rated according to population. Corak stated Midland with a population of 6,400 is better paid than some boroughs with populations up to 30,000.

In a letter, Rep. Robert O. Davis of the 13th District said he agrees with Council the snow removal program needs to be remedied.

Council directed a letter to the legislator after a heavy snowfall caused a serious traffic tieup. Route 68 between Midland and East Liverpool and Midland and Industry was not cleared, backing up traffic for hours.

Davis said he had written to James Miller, highway maintenance superintendent for Beaver County, stating he believes the care of the road was slow, considering the fact there were advance warnings of the snow.

Davis, in answering a reporter's question, said many residents of the area complained to him personally about the matter. He said he came to Midland to mail the letter to Council so it would arrive on time for last night's meeting.

Mrs. Angeline Vranich of Beaver Ave., spokesman for a group representing the Community Action Committee again asked for Council's help in procuring a building for a day care nursery. Raymond Presutti, vice president, said Solicitor Frank Suffoletta was still investigating. Mrs. Hattie Jones of Midcrest asked representatives of Council to attend the CAC meeting Jan. 22 at 7 p. m. at the Borough Building when Rev. Matthew Strong, guest speaker, will explain the funds available for the project.

Harold Kemp, district manager for the Cable TV firm in Midland, said some residents may feel they are being billed for two months service as customers who signed up for the cable in November have received their bills for December and January. He explained the first bill was late and the other isn't due until Jan. 1.

Nick Dolanski of 7th St. complained he doesn't like the coupon system of paying the bill as it is too much trouble, and suggested the firm study the possibility of having the bills paid at one of the banks. Mayor Corak said "We have the cheapest cable TV in the area because Council voted to return the percentage usually returned to the borough to the subscribers."

A letter was received from Shippingport Borough thanking the Midland Police Department for the asistance they have given.

A reorganization meeting will be held Jan. 2 when Presutti, Joseph Hibbard and Joseph D'Alesio, incumbent Councilmen, will be sworn in.

On behalf of Council, Corak wished everyone a prosperous New Year.

Aliquippa Man Held At Midland

An Aliquippa man, on parole for larceny of a motor vehicle, faces two charges in Midland as the result of an burglary attempt.

Taylor Jones, 21, of Park St., Aliquippa, will receive a hearing at a later date before Justice of the Peace Steve Germusa for burglary and malicious mischief.

The second charge stems from damage he caused at the Midland police station when he was jailed.

Patrolman Mike Borato received a call Tuesday at 1 a. m. from John Wise of 416 Penn Ave. that someone was attempting to break into his house.

Sgt. William Anusich and Patrolman Eli Bratich answered the call. The burglar had escaped by the time they arrived and Wise said he had fired a shot.

Two men, including Jones, were picked up a short time later in the vicinity.

Charges were filed against Benny Tyson, 27, of Aliquippa, but later were dropped.

The University of Cincinnati is the oldest municipal university in the United States.

New Trial Sought In Murder Conviction

ELYRIA, Ohio (AP) — Attorneys for Willam J. Stuart, convicted last week of second-degree murder in the Oct. 6 slaying of Larry Rodgers, filed a motion for a new trial Wednesday in Lorain County Common Pleas Court.

Stuart, 32, of Sheffield Lake, was sentenced to life in prison for the killing of Rodgers in the bedroom of Stuart's estranged wife. Rodgers lived in Elyria.

Pulitzer Winner Dies

CARMEL, Calif. (AP)—Martin Flavin, 84, Pulitzer Prize-winning novelist and playwright, died Wednesday of complications from a fall last month. Flavin won the Harper Prize, as well as the Pulitzer, in 1943 for his novel, "Journey in the Dark."

Ponce de Leon, who discovered it on Eastern Sunday, gave Florida its name. The Spanish name he gave it was "Pascua Florida," meaning "feast of flowers."

The Hawaiian Islands originally were named the Sandwich Islands.

Beaver Soldier Killed In Error By Own Troops

A Beaver County soldier, standing guard near Chu Chi, Vietnam, was mistaken for the enemy and shot and killed by his own troops on Christmas Eve, the Defense Department has reported.

Army Pfc. Larry W. Pierce, 21, went to Vietnam Nov. 3 after volunteering while serving in Germany, according to his father, Dolliver W. Pierce, of 59 Grandview St., Baden.

Pierce enlisted in the Army Oct. 31, 1966, after attending Geneva College for a year.

He was a 1964 graduate of Freedom High School.

Pierce received basic training at Ft. Jackson, S. C. He last was home on a 45 - day leave before he was shipped to Vietnam.

Surviving are his parents, two brothers and two sisters.

Rembrandt's full name was Rembrandt Harmensz van Rijn. The famed artist is best known by his first name.

County Fair Plans Begun By Directors

LISBON — Directors of the Columbiana County Fair are lining up attractions for the 123rd annual exposition to be held Wednesday through Sunday, Aug. 21-25.

Representatives of Variety attractions of Zanesville attended the directors' meeting Wednesday night at the cooperative extension service office on S. Market St.

Ben Weingart of Leetonia RD 1, president, appointed Wilbur Whan of Leetonia RD 1 to head the sheep, swine and grain, feeds, hay and grass silage departments. Whan is a new member of the board.

Other department chiefs, all reappointed last night, are Galen Greenisen of Salem RD 2, speed program; Edwin Thompson of Lisbon RD 5, horses and ponies; Rolland Stryffeler of Beloit RD 2, cattle; Ike Skeels of Lisbon RD 4, poultry; Donald Elliott of Rogers, vegetables and fruits and flowers; William Werner of Salem RD 2, Junior Fair, and wives of directors, culinary and textile arts.

Several directors plan to attend the Ohio fair managers' convention Jan. 10-12 at Columbus.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: A recent letter in your column from a college student who complains about his roommate gave me the needed push to write to you about MY roommate who's slowly driving me insane.

The first week we straightened out the problem of music around the clock. Of all the guys on campus I had to draw a nut who has special albums for studying, special albums for day dreaming and special music to fall asleep by.

This is what really corked me off. After five consecutive sleepless nights I told him to knock off the lullaby or I was going to the dean.

Now he's on a food binge and this room of ours is like a delicatessen. I'm nauseated from the smell of pickles and corned beef and overripe bananas. Also, the roaches and fruit flies are a matter for the board of health.

I've thought of a solution to the problem but it's against the law. What do you suggest? — A GREWSOME TWOSOME.

-:-

Dear Grewsome: If your school has a head of housing go there and request a change. If there is no head of housing, go to the dean.

It's tough enough to get through college these days when you have everything going for you. No kid should have to fight around-the-clock music, fruit flies and the smell of corned beef and pickles.

Pill Talk

Dear Ann: I'm a woman in my 30s who's had to do a lot of doctoring in my life.

Last year we moved to this city and I didn't know anyone here. My doctor in Indianapolis recommended two doctors in Detroit.

Well, I went to the doctor the first week we moved here and he said there was nothing wrong with me and suggested that I get a job or do something to take my mind off myself.

I've seen enough doctors to know that this is what they say when they are not smart enough to diagnose the case.

The following week I went to another doctor who gave me three prescriptions — pills for my nerves, a tonic for my blood and something to help me sleep. I feel much better already.

This morning I received a bill from the first doctor. He charged me $20 for doing nothing. I wouldn't mind paying the other doctor twice that amount because he helped me, but I see no reason to pay $20 to a doctor who didn't do one thing for me. What is your advice? — DOUBTER.

-:-

Dear Doubter: The first doctor did something for you whether you think so or not. He SAW you.

Pay the bill, Lady, and don't go to him again. You obviously have a psychological dependency on medicine. Unless a doctor gives you a prescription or recommends surgery, you feel you aren't getting your money's worth.

Flame-Out

My husband had an affair with a good friend of mine. This happened many years ago, long before we were married. They were both single at the time.

I'm sure this romance of the past is over, yet whenever I see her I get nervous. If I know she and her husband are going to be somewhere I make all sorts of excuses why we can't be there.

I told my husband about my feelings and he says I'm acting like a child. I say I'm smart to recognize danger. What do you say? — E.S.P.

-:-

Dear E.: I say the best way to rekindle an old flame is to poke around in the ashes. Stop making an issue of this dead romance or you may give your husband ideas, Girl.

Ann Landers will be glad to help you with your problems. Send them to here in care of The Review, enclosing a stamped, self-addressed envelope.

Span Collapse Helped Prove CD Readiness

COLUMBUS, Ohio (AP)—The collapse of the Silver Bridge into the Ohio River Dec. 15 helped prove the readiness of the state's Civil Defense operations, a leader of the organization said Wednesday.

James F. Worster Sr., deputy director of the Ohio Civil efense, said personnel and equipment from 19 Ohio counties were rushed to the scene of the disaster near Gallipolis.

Doctor Backs Senate Probe

BEAVER — A Senate investigation of medical practices in dealing with overweight patients was welcomed today by the incoming president of the American Society of Bariatrics.

The comment by Dr. Anthony Conte of this Beaver County community came in response to an announcement last week by Sen. Philip A. Hart, D-Mich., that the Senate anti - trust subcommittee would hold hearings on the subject.

The senator said a staff investigation had produced "strong indications that there is mass production handling of patients by many obesity specialists which precludes the kind of careful medical attention essential to the safe use of diet drugs.

Dr. Conte approved the investigations. "If these indications turn out to be correct, then there indeed exists a situation which this society strongly opposes."

He said the fewer than 300 members of the society — who specialize in the medical treatment of obesity — "are required by their society membership to obtain a complete patient history, including full laboratory and physical tests to reveal the possibility and extent of disease conditions.

"Adherence to the constitution and bylaws would prevent any society member from practicing mass production medicine," Dr. Conte continued, "and from dispensing drugs to patients without close supervision."

He claimed the real problem is that some 5,000 physicians specialize in obesity, many of them styling themselves bariatricians. However, he added, there is nothing to prevent them from doing so.

The society was founded in 1950 as the National Glandular Society.

$1,285 Bid Filed On Equipment At City Water Plant

An apparent low bid of $1,285 was filed Wednesday noon with the Board of Public Utilities on purchase of a new activated carbon feeder for use at the water department treatment plant.

The offer was received from the B.I.F. Division of the New York Airbrake Co. at Providence, R. I. It stipulated that delivery could be made in eight weeks and the supplier would pay freight on the equipment from Providence to East Liverpool.

The only other offer of $1,484 was filed by Wallace & Tiernan, Inc., of Belleville, N.J.

The board took the two bids under advisement, indicating it would award a contract soon.

It was the second round of bids on the new equipment. Offers received from the same firms Dec. 12 were rejected because both exceeded the $1,300 appropriated by Council for the purchase.

In the first bidding, B.I.F. offered the carbon feeder for $1,652, or $367 more than the offer filed yesterday. Wallace & Tiernan's first bid also was $1,484. B.I.F. said it scaled down its new bid by eliminating some accessories not needed in the East Liverpool plant.

Burglars Get $35,000 From Kentucky Store

ERLANGER, Ky. (AP) — Burglars used the holidays to loot the China-Town discount store on Dixie Highway of $35,000 in cash and merchandise, authorities reported.

Stanley Johnson, president of the store chain, said thieves broke a hole into the rear wall of the warehouse, probably Christmas Day, and took about $25,000 after forcing a safe and looted the store of $7,000 in firearms and $3,000 in watches and jewelry.

4-H News

Project reports were discussed at the meeting of the Pioneer Senior 4-H Club.

The group donated baskets of food and toys for the needy at Christmas.

Burglars Get $35,000 From Kentucky Store

ERLANGER, Ky. (AP) — Burglars used the holidays to loot the China-Town discount store on Dixie Highway of $35,000 in cash and merchandise, authorities reported.

Stanley Johnson, president of the store chain, said thieves broke a hole into the rear wall of the warehouse, probably Christmas Day, and took about $25,000 after forcing a safe and looted the store of $7,000 in firearms and $3,000 in watches and jewelry.

Internal Rift Reported In Greek Council

ATHENS (AP) — The Revolutionary Council behind Greece's regime is reported beset by an internal conflict between moderates and extremists.

The moderates, headed by Premier George Papadopoulos favor a softer line against opponents of the army group that seized power April 21, informed sources said.

The extremists, according to the sources, want repressive measures continued; a continuation of press censorship and persons they consider hard-core leftists to remain in jail.

This situation was underlined by the regime's about-face on the Christmas amnesty announced Saturday by Papadopoulos.

The premier said that all political prisoners arrested after the April coup would be set free.

About 2,600 such prisoners are being kept on the Aegean islands of Leros and Yiovra, and Papadopoulos said they would be among those freed. But 24 hours later the military dictatorship's chief security officer, Col. John Ladas, said those on the islands were "hard-core Communists" who were not included in the amnesty and only about 300 persons would be set free.

So far the premier has said nothing about this reversal of his announcement.

Ladas is considered one of the leaders of the Revolutionary Council's extremist faction. Others are said to be Col. Constantine Karydas, secretary-general of the ministry to the premier's office, and Air Vice Marshal Antonios Skarmaliorakis, head of the civil aviation authority.

The moderates are reported led by Papadopoulos and the other two leaders of the coup who have been considered a ruling junta—Deputy Premier Stylianos Patakos and Coordination Minister Nicholas Makarezos.

Papadopoulos has shown a conciliatory attitude toward King Constantine, whose attempt to oust the regime failed Dec. 13. But the council is said to be undecided whether to let the king return in the next few days or wait several months. The hard-liners reportedly want the king to remain in exile for some time to come.

Many council members are rumored to be against the return of Queen Mother Frederika, considering that she exercises undue influence on her son.

Informed sources say Papadopoulos, Patakos and Makerezos are hesitant to clash openly with the extremists for fear of creating disunity.

—In Columbus, Ohio, a Wallace spokesmen said the former governor plans to visit the Buckeye State Jan. 5-10 to plot strategy aimed at qualifying for the presidential ballot there.

Two members of Wallace's campaign staff in Montgomery, Ala., said they knew nothing of such plans, however.

State election officials said earlier this week Wallace apparently has succeeded in getting enough Californians to register with his American Independent party to qualify for the presidential ballot in the nations' most populous state.

—Eisenhower said in his opinion Romney had taken forceful, logical positions on many vital domestic issues. He denied ever saying the Michigan governor was unfit to be president.

He was responding to a New York Times story on Christmas day which quoted an unnamed golfing partner as saying Eisenhower felt Romney "has been on so many sides of so many questions that one begins to wonder just where he does stand. He sounds like a man in a panic, and a man who panics is not the best candidate for president."

"I have not said nor do I believe that Gov. Romney is unfit to be president, that he has been on too many issues nor that he would panic in an emergency," Eisenhower said in a CBS television interview.

In Concord, N.H., meanwhile, a spokesman for a state organization supporting President Johnson disclosed plans for a drive to get write-in votes for Johnson in the state's March 12 presidential primary.

Father Tells Of Killing His 4 Little Girls

JONESBORO, La. (AP) — A father who told neighbors he considered the world "too wicked" for his four little girls delivered their bodies to a funeral home Wednesday and said he had killed them.

The father, Earl Clinton Watson, 31-year-old worker at a Jonesboro meat processing company, was taken to a mental hospital for observation and examination.

Tina Charmine, 9, and Karen Hope, 8, had been killed with a 30-06-caliber rifle. Margaret Wendy, 5, and Faith Erline, 3, had been strangled.

Townspeople said Watson frequently announced that the "world is too wicked a place for my kids to grow up in." He had talked of studying for the ministry.

Watson told his wife, Margaret Ann Watson, Wednesday morning that he was taking the four girls to visit his mother.

Later he drove to the funeral home, owned by Mrs. E.L. Edmonds.

"I didnt know anything was wrong," Mrs. Edmonds said. "He appeared calm. I asked if I could help him."

She quoted Watson as saying, "I've had an accident. I've killed my babies."

He sat quietly in the waiting room until officers arrived. He was dressed in slacks and a sports jacket.

Steel Industry Showed Output Gain, Profit Drop

By ROBERT A. DOBKIN
Associated Press Writer

PITTSBURGH (AP) — The steel industry found it easier to make steel than money in 1967.

The industry poured 126 million tons—down from the record 134.1 million in 1966—but still comfortably above the once long-sought goal of 100 million tons for the fifth straight year.

However, sales slipped 8 per cent and profits fell even harder —off 31 per cent for the top 23 producers.

When all the figures are in, profits should be around $200 million less than 1966, making it even tougher for the industry to support its planned $2 billion a year capital spending program.

Analysts predict a good year in 1968 with an especially strong first half.

Auto inventory orders alone for January are 30 per cent above normal. Some of it is attributed to strengthening market conditions as well as strike-hedge buying in anticipation of a possible midsummer walkout by the United Steelworkers Union.

Although earnings improved in the fourth quarter, final figures coming in later won't offset the dismal nine-month profit picture.

Production-curtailing snowstorms in February, problems in bringing new equipment into use, and strikes in the auto and construction industries forced analysts at one point to revise downward their 126-million-ton production forecast.

The two-month steel haulers' strike in the fall spread terror on the highways in the nation's steelmaking centers, delaying shipments at a time when demand for steel was beginning to head up.

Adding to the squeeze on profits were steadily rising labor and material costs and foreign imports.

Nearly 11 million tons flowed in, up slightly from the record 10.7 million in 1966.

With the strong backing of the United Steelworkers, the industry appealed to the government for a temporary quota to limit imports it said threatened nearly 80,000 jobs at home. Steelmen found protectionist sentiment in Congress, but President Johnson vowed to veto any import bill and action was put off until January.

Of the Big Five, fourth-ranked National Steel Corp. turned in the smallest profit decline for the first nine months—10 per cent. Profits of No. 1 U.S. Steel Corp. skidded 36 per cent. Bethlehem was off 34 and Republic 29. Jones & Laughlin suffered a 46 per cent drop.

Two producers—Wheeling Steel and Alan Wood Steel Co. —operated in the red. Only one, Kaiser Steel, showed a gain.

Price increases helped offset some of the declines. Prices on products representing about 45 per cent of output were raised by piecemeal boosts, drawing only a mild rebuff from the government, a contrast to previous years.

Contracts with the United Steelworkers expire Aug. 1. Demands haven't been spelled out, but pressure for a big wage increase is expected to be strong. A guaranteed annual wage may also be a possibility.

A poll of the Steel Committee of the National Association of Purchasing Agents showed 78 per cent expect a strike, but a short one.

With the realization that crisis bargaining would bring on industry-jarring hedge buying, a flood of imports and the threat of government intervention, the USW discussed a joint union-management no-strike proposal that would have submitted unresolved contract issues to binding arbitration. The union turned it down.

The swordfish is one of the few fish which relies on the powerful beating of its tail fin in swimming rather than on the undulations of its body as most fish do, according to the Encyclopedia Britannica.

South Soldiers Credit M16 In Lopsided Battle

SAIGON (AP) — South Vietnamese soldiers today credited the M16 rifle, which U.S. troops had criticized, with the punch that enabled them to kill scores of Viet Cong in a lopsided battle earlier this week.

South Vietnamese headquarters announced that the 1st Regiment of the South Vietnamese 1st Division was issued the weapon only two days before the battle Tuesday in Quang Tri Province.

The commander of the regiment's 2nd Battalion, which saw the most action, reported that the M16 was "largely responsible" for the showing his men made.

The major commanding the battalion, who had been fully briefed on earlier troubles with the M16, reported he had only minor difficulties with it.

Of the Big Five, fourth-ranked National Steel Corp. turned in the smallest profit decline for the first nine months—10 per cent. Profits of No. 1 U.S. Steel Corp. skidded 36 per cent. Bethlehem was off 34 and Republic 29. Jones & Laughlin suffered a 46 per cent drop.

Two producers—Wheeling Steel and Alan Wood Steel Co. —operated in the red. Only one, Kaiser Steel, showed a gain.

Price increases helped offset some of the declines. Prices on products representing about 45 per cent of output were raised by piecemeal boosts, drawing only a mild rebuff from the government, a contrast to previous years.

Contracts with the United Steelworkers expire Aug. 1. Demands haven't been spelled out, but pressure for a big wage increase is expected to be strong. A guaranteed annual wage may also be a possibility.

A poll of the Steel Committee of the National Association of Purchasing Agents showed 78 per cent expect a strike, but a short one.

With the realization that crisis bargaining would bring on industry-jarring hedge buying, a flood of imports and the threat of government intervention, the USW discussed a joint union-management no-strike proposal that would have submitted unresolved contract issues to binding arbitration. The union turned it down.

Internal Rift Reported In Greek Council

ATHENS (AP) — The Revolutionary Council behind Greece's regime is reported beset by an internal conflict between moderates and extremists.

The moderates, headed by Premier George Papadopoulos favor a softer line against opponents of the army group that seized power April 21, informed sources said.

The extremists, according to the sources, want repressive measures continued; a continuation of press censorship and persons they consider hard-core leftists to remain in jail.

This situation was underlined by the regime's about-face on the Christmas amnesty announced Saturday by Papadopoulos.

The premier said that all political prisoners arrested after the April coup would be set free.

About 2,600 such prisoners are being kept on the Aegean islands of Leros and Yioura, and Papadopoulos said they would be among those freed. But 24 hours later the military dictatorship's chief security officer, Col. John Ladas, said those on the islands were "hard-core Communists" who were not included in the amnesty and only about 300 persons would be set free.

So far the premier has said nothing about this reversal of his announcement.

Ladas is considered one of the leaders of the Revolutionary Council's extremist faction. Others are said to be Col. Constantine Karydas, secretary-general of the ministry to the premier's office, and Air Vice Marshal Antonios Skarmaliorakis, head of the civil aviation authority.

The moderates are reported led by Papadopoulos and the other two leaders of the coup who have been considered a ruling junta—Deputy Premier Stylianos Patakos and Coordination Minister Nicholas Makarezos.

Papadopoulos has shown a conciliatory attitude toward King Constantine, whose attempt to oust the regime failed Dec. 13. But the council is said to be undecided whether to let the king return in the next few days or wait several months. The hard-liners reportedly want the king to remain in exile for some time to come.

Many council members are rumored to be against the return of Queen Mother Frederika, considering that she exercises undue influence on her son.

Informed sources say Papadopoulos, Patakos and Makerezos are hesitant to clash openly with the extremists for fear of creating disunity.

South Soldiers Credit M16 In Lopsided Battle

SAIGON (AP) — South Vietnamese soldiers today credited the M16 rifle, which U.S. troops had criticized, with the punch that enabled them to kill scores of Viet Cong in a lopsided battle earlier this week.

South Vietnamese headquarters announced that the 1st Regiment of the South Vietnamese 1st Division was issued the weapon only two days before the battle Tuesday in Quang Tri Province.

The commander of the regiment's 2nd Battalion, which saw the most action, reported that the M16 was "largely responsible" for the showing his men made.

The major commanding the battalion, who had been fully briefed on earlier troubles with the M16, reported he had only minor difficulties with it.

—In Columbus, Ohio, a Wallace spokesmen said the former governor plans to visit the Buckeye State Jan. 5-10 to plot strategy aimed at qualifying for the presidential ballot there.

Two members of Wallace's campaign staff in Montgomery, Ala., said they knew nothing of such plans, however.

State election officials said earlier this week Wallace apparently has succeeded in getting enough Californians to register with his American Independent party to qualify for the presidential ballot in the nations' most populous state.

—Eisenhower said in his opinion Romney had taken forceful, logical positions on many vital domestic issues. He denied ever saying the Michigan governor was unfit to be president.

He was responding to a New York Times story on Christmas day which quoted an unnamed golfing partner as saying Eisenhower felt Romney "has been on so many sides of so many questions that one begins to wonder just where he does stand. He sounds like a man in a panic, and a man who panics is not the best candidate for president."

"I have not said nor do I believe that Gov. Romney is unfit to be president, that he has been on too many issues nor that he would panic in an emergency," Eisenhower said in a CBS television interview.

In Concord, N.H., meanwhile, a spokesman for a state organization supporting President Johnson disclosed plans for a drive to get write-in votes for Johnson in the state's March 12 presidential primary.

Father Tells Of Killing His 4 Little Girls

JONESBORO, La. (AP) — A father who told neighbors he considered the world "too wicked" for his four little girls delivered their bodies to a funeral home Wednesday and said he had killed them.

The father, Earl Clinton Watson, 31-year-old worker at a Jonesboro meat processing company, was taken to a mental hospital for observation and examination.

Tina Charmine, 9, and Karen Hope, 8, had been killed with a 30-06-caliber rifle. Margaret Wendy, 5, and Faith Erline, 3, had been strangled.

Townspeople said Watson frequently announced that the "world is too wicked a place for my kids to grow up in." He had talked of studying for the ministry.

Watson told his wife, Margaret Ann Watson, Wednesday morning that he was taking the four girls to visit his mother.

Later he drove to the funeral home, owned by Mrs. E.L. Edmonds.

"I didnt know anything was wrong," Mrs. Edmonds said. "He appeared calm. I asked if I could help him."

She quoted Watson as saying, "I've had an accident. I've killed my babies."

He sat quietly in the waiting room until officers arrived. He was dressed in slacks and a sports jacket.

Buy Nearly $1 Million In Food Daily

Food Stamps Are Helping 2 Million Needy In U.S.

WASHINGTON (AP) — Orange and blue bills that look like play money are helping 2.6 million needy Americans buy nearly $1 million worth of food every day.

Known as food stamps, by June 30 they'll be circulating in 1,200 areas of 43 states and Washington, D.C., including 8 of the nation's 10 most populous cities.

Backers of the stamp program call it the most promising approach yet to the goal of putting better food on the poor man's table without making it a handout.

Nobody gets food stamps for free. The poor pay for them, swapping cash for stamps worth many dollars more.

Some find it a little cold-blooded that the government extracts money from those it professes to help.

But Congress shows its approval by giving the Agriculture Department a bigger budget for stamps every year—$185 million for the current fiscal year, up from $116.3 million last year.

"We've got to get away from this idea of giving the poor everything we think they need," said Rep. Leonor K. Sullivan, D-Mo., the stamp program's best friend on Capitol Hill.

"In this program the people are taught how to spend their money," she said. "As little as it is, they learn to budget it."

Mrs. Sullivan and others badgered the Eisenhower administration for a stamp program through much of the 1950s. It had too much of a welfare state aroma about it to suit Agriculture Secretary Ezra Taft Benson.

Exit Eisenhower in 1961, and with him Benson. Enter President John F. Kennedy, determined to have stamps.

Kennedy's first executive order was to establish a pilot program in a handful of cities. Congress put it on a formal continuing basis in 1964.

A shopper armed with books of stamps, signed on the back so no one else can use them, can buy just about anything on the grocer's shelves so long as it's food and—with the exception of coffee, tea, cocoa and bananas—American-grown.

Purchase of tobacco and alcoholic beverages is forbidden. But no one at Agriculture kids himself that there's 100 per cent compliance on this. Especially in the little one-man neighborhood groceries where the customer and the man behind the counter are friends from way back.

The troop held its investiture in November when mothers were guests, along with Mrs. George Mastrovich and Mrs. Betty Jane Brucker.

Committee women are Mrs. Bernard Hartman, Mrs. Max Metrovich and Mrs. Milan Postich.

They held a Christmas gift exchange at their meeting in December and went caroling. They also collected canned goods and change for the needy and presented them to Mrs. Brucker for distribution.

The group will hold meetings each Wednesday after school at the home of Mrs. Young in Meadowbrook.

Christmas Party Held By Grange

LISBON — Forty-one attended the Mt. Nebo Grange Christmas party Wednesday evening, with Junior Grange members presenting a play.

The program included the singing of carols, a poem and quiz, Howard Wilhelm, lecturer; solo, Randy Gauding; reading, Mrs. Merle McPherson; and a vocal duet, Debbie and Cindy Bailey, accompanied by Jeff Bailey, and a vocal quartet, Jeff, Debbie and Cindy Bailey and Marlene Guy, accompanied by Mrs. Howard Wilhelm, Junior Grange matron.

Carl Bailey, master, conducted the business meeting when the Subordinate Grange donated to two appeals for aid. Mrs. Viola Harrold announced she is collecting plastic dry cleaning bags for the cancer society.

Adults and juniors exchanged gifts and had refreshments.

Hints from Heloise

— By Heloise Cruse —

DEAR GALS: When you give yourself a home permanent — or even have a "store-boughten" one — it sometimes comes out too curly . . . you know what I mean? And there's not too much you can do about it, is there?

Well, short of a haircut, I learned to shampoo my hair again and while it is still dripping wet, to spray the curliest ends with nearly any brand of hair spray. You will find that a comb will then slide through it as if you were polishing a sheet of glass with oil!

Furthermore, while the hair is still wet, roll it up on bigger rollers than you ordinarily use. And let it AIR dry. That means it dries naturally, and NOT with a hair dryer.

There's something in this hair spray that seems to answer our problem. Remember, this will not take the tight curl out of your hair, but it will certainly help you until it grows out.

Another thing I learned was — if you wash your hair a day or two before, you will have some of your natural oil in it when you give yourself that permanent.

I have used this method the last two times and it works perfectly.

-:-

HELOISE.

P.S. And don't stay on the phone yakking with friends when it's time to undo those permanent curlers. Five extra minutes are what causes the kinks. Do what I say and NOT what I did!

-:-

DEAR HELOISE: I've just discovered another handy use for the little plastic scoops we all buy in the dime store for sugar or flour.

Today when I made cupcakes, I used the scoop to keep the drippy batter from running all over the edges of the cupcakes papers and pans.

With a twist of the wrist and a scoop of cupcake batter, the job was done in no time at all.

DOLLY BRINTNALL.

DEAR HELOISE: This idea might save a few tears in the younger set.

I put a piece of masking tape across my youngsters' lunchbox latches so they don't open accidently.

This is pretty good insurance against spilled lunches. But if they do drop them, they have been cautioned to check their vacuum bottles for breakage before pouring and drinking.

MARY SHULER.

DEAR HELOISE: When washing out clothes by hand, I discovered a great scrubbing board which is found in almost every kitchen today.

The rubber drain mat under the dish rack!

I turned it over and those back ridges really saved on my hands. It's used often now — especially when washing out that grimy bib, or collars and cuffs on my husband's shirts.

My husband thinks I'm a nut but it sure has been handy for me.

MRS. V. WEISEN.

DEAR HELOISE: Did you know you could eliminate the odor of cabaage by adding three whole cloves to the head when you're cooking it?

Quite by accident I stumbled on this and just had to pass it on. The cloves enhance the flavor of the cabbage, too, which I like very much.

MRS. L. J. ROSSER.

-:-

And did you know you could put a heel of bread on top of your cabbage before you put th lid on and it would absorb the odor? Remove bread before serving. Great.

HELOISE.

P. S. But come to think of it, it's the ODOR while it's cooking that makes me so hungry for it! I like the smell myself.

DEAR HELOISE: A big salt shaker is an excellent clothes sprinkler.

The larger the shaker the less filling required to complete the task, but it does a superb job. Just look at all those holes. Far more than a regular sprinkler.

MARY TARGONSKI.

Munitions Plant Fires, Explosion Kill 2, Injure 16

GOODYEAR, Ariz. (AP) — Fire flashed through a plant making munitions, killing one person and burning another seriously, in one of two fires in the nation Wednesday in munitions plants.

One man was killed and 15 injured in a fire and explosion at a Hanover, Mass., plant that manufactures antipersonnel mines for use in Vietnam.

The fire at this Phoenix suburb occurred in a small building housing a mortar shell assembly room, about 30 feet from the main plant of Unidynamics, Inc. The building remained intact.

A company spokesman said only two persons were in the building when the blaze went through it. He declined to say what was manufactured in that building.

Student Suspended For Possessing LSD

OBERLIN, Ohio (AP)—Oberlin College President Robert K. Carr said Wednesday a 19-year-old student from California has been suspended because he was convicted for possession of the drug LSD.

The suspension for Randall W. Goodall of Claremont, Calif. is for an indefinite period, Carr said in a letter to students and faculty.

New York Bus, Subway Workers Vote To Strike

NEW YORK (AP) — Thousands of bus and subway workers, shouting and roaring their approval, have voted overwhelmingly to strike at 5 a.m. New Year's Day unless they have a new contract by then.

The voice vote at Wednesday night's mass meeting followed an appeal by leaders of the 36,000-man Transport Workers Union for the Transit Authority to make an equitable offer.

"We don't want a strike," Matthew Guinan, international president of the TWU told the meeting. "We know that the last strike cost the city a lot and our own workers a lot."

Daniel Gilmartin, president of Local 100, and other speakers emphasized the union's unwillingness to compromise on its demand for retirement at half pay after 20 years' service.

Casualties Are Mounting

U.S. Prepares Hospitals In Vietnam For Civilians

SAIGON (AP) — The United States is preparing three hospitals with a total of 800 beds and staffing them with American military doctors and nurses to help care for the thousands of civilian victims of the Vietnam war, high U.S. officials disclosed today.

Civilian casualties are mounting—one American expert estimates them at 100,000 this year—and Vietnamese hospitals are unable to care for many of them.

The U.S. officials said American military hospitals since last March have been authorized to accept as many wounded civilians as they have room for, and about 300 a month have been treated. Some civilians had been treated even before that, they added.

A 300-bed civilian hospital at Tuy Hoa, entirely staffed by U.S. military doctors, nurses and orderlies, will open in a few days, the officials said.

A second hospital, with 200 beds, is expected to be completed at Chu Lai before the end of January. A third hospital, at Can Tho in the Mekong Delta, is expected to open in late spring with 500 beds for U.S. soldiers and 300 for civilians.

The first two hospitals are being converted from existing U.S. military facilities, while the Can Tho facility is a new structure. The space-avaiable admissions at other U.S. hospitals are to continue.

The building of the Can Tho hospital indicates that U.S. officials expect increased fighting in the delta, and a consequent increase in both military and civilian casualties.

Vietnamese government figures show an average of 4,000 civilians killed and wounded were reported each month during the past year, or at least 48,000 civilian casualties during the year.

But Col. William W. Moncrief Jr., U.S. assistant director for public health, estimated that only half of the civilian casualties are reported and the war's toll of civilians this year will be 24,000 killed and 76,000 wounded.

Casualties Are Mounting

U.S. Prepares Hospitals In Vietnam For Civilians

SAIGON (AP) — The United States is preparing three hospitals with a total of 800 beds and staffing them with American military doctors and nurses to help care for the thousands of civilian victims of the Vietnam war, high U.S. officials disclosed today.

Civilian casualties are mounting—one American expert estimates them at 100,000 this year—and Vietnamese hospitals are unable to care for many of them.

The U.S. officials said American military hospitals since last March have been authorized to accept as many wounded civilians as they have room for, and about 300 a month have been treated. Some civilians had been treated even before that, they added.

A 300-bed civilian hospital at Tuy Hoa, entirely staffed by U.S. military doctors, nurses and orderlies, will open in a few days, the officials said.

A second hospital, with 200 beds, is expected to be completed at Chu Lai before the end of January. A third hospital, at Can Tho in the Mekong Delta, is expected to open in late spring with 500 beds for U.S. soldiers and 300 for civilians.

The first two hospitals are being converted from existing U.S. military facilities, while the Can Tho facility is a new structure. The space-avaiable admissions at other U.S. hospitals are to continue.

The building of the Can Tho hospital indicates that U.S. officials expect increased fighting in the delta, and a consequent increase in both military and civilian casualties.

Vietnamese government figures show an average of 4,000 civilians killed and wounded were reported each month during the past year, or at least 48,000 civilian casualties during the year.

But Col. William W. Moncrief Jr., U.S. assistant director for public health, estimated that only half of the civilian casualties are reported and the war's toll of civilians this year will be 24,000 killed and 76,000 wounded.

Hints from Heloise

— By Heloise Cruse —

DEAR GALS: When you give yourself a home permanent — or even have a "store-boughten" one — it sometimes comes out too curly . . . you know what I mean? And there's not too much you can do about it, is there?

Well, short of a haircut, I learned to shampoo my hair again and while it is still dripping wet, to spray the curliest ends with nearly any brand of hair spray. You will find that a comb will then slide through it as if you were polishing a sheet of glass with oil!

Furthermore, while the hair is still wet, roll it up on bigger rollers than you ordinarily use. And let it AIR dry. That means it dries naturally, and NOT with a hair dryer.

There's something in this hair spray that seems to answer our problem. Remember, this will not take the tight curl out of your hair, but it will certainly help you until it grows out.

Another thing I learned was — if you wash your hair a day or two before, you will have some of your natural oil in it when you give yourself that permanent.

I have used this method the last two times and it works perfectly.

-:-

HELOISE.

P.S. And don't stay on the phone yakking with friends when it's time to undo those permanent curlers. Five extra minutes are what causes the kinks. Do what I say and NOT what I did!

-:-

DEAR HELOISE: I've just discovered another handy use for the little plastic scoops we all buy in the dime store for sugar or flour.

Today when I made cupcakes, I used the scoop to keep the drippy batter from running all over the edges of the cupcakes papers and pans.

With a twist of the wrist and a scoop of cupcake batter, the job was done in no time at all.

DOLLY BRINTNALL.

DEAR HELOISE: This idea might save a few tears in the younger set.

I put a piece of masking tape across my youngsters' lunchbox latches so they don't open accidently.

This is pretty good insurance against spilled lunches. But if they do drop them, they have been cautioned to check their vacuum bottles for breakage before pouring and drinking.

MARY SHULER.

DEAR HELOISE: When washing out clothes by hand, I discovered a great scrubbing board which is found in almost every kitchen today.

The rubber drain mat under the dish rack!

I turned it over and those back ridges really saved on my hands. It's used often now — especially when washing out that grimy bib, or collars and cuffs on my husband's shirts.

My husband thinks I'm a nut but it sure has been handy for me.

MRS. V. WEISEN.

DEAR HELOISE: Did you know you could eliminate the odor of cabaage by adding three whole cloves to the head when you're cooking it?

Quite by accident I stumbled on this and just had to pass it on. The cloves enhance the flavor of the cabbage, too, which I like very much.

MRS. L. J. ROSSER.

-:-

And did you know you could put a heel of bread on top of your cabbage before you put th lid on and it would absorb the odor? Remove bread before serving. Great.

HELOISE.

P. S. But come to think of it, it's the ODOR while it's cooking that makes me so hungry for it! I like the smell myself.

DEAR HELOISE: A big salt shaker is an excellent clothes sprinkler.

The larger the shaker the less filling required to complete the task, but it does a superb job. Just look at all those holes. Far more than a regular sprinkler.

MARY TARGONSKI.

Munitions Plant Fires, Explosion Kill 2, Injure 16

GOODYEAR, Ariz. (AP) — Fire flashed through a plant making munitions, killing one person and burning another seriously, in one of two fires in the nation Wednesday in munitions plants.

One man was killed and 15 injured in a fire and explosion at a Hanover, Mass., plant that manufactures antipersonnel mines for use in Vietnam.

The fire at this Phoenix suburb occurred in a small building housing a mortar shell assembly room, about 30 feet from the main plant of Unidynamics, Inc. The building remained intact.

A company spokesman said only two persons were in the building when the blaze went through it. He declined to say what was manufactured in that building.

Student Suspended For Possessing LSD

OBERLIN, Ohio (AP)—Oberlin College President Robert K. Carr said Wednesday a 19-year-old student from California has been suspended because he was convicted for possession of the drug LSD.

The suspension for Randall W. Goodall of Claremont, Calif. is for an indefinite period, Carr said in a letter to students and faculty.

New York Bus, Subway Workers Vote To Strike

NEW YORK (AP) — Thousands of bus and subway workers, shouting and roaring their approval, have voted overwhelmingly to strike at 5 a.m. New Year's Day unless they have a new contract by then.

The voice vote at Wednesday night's mass meeting followed an appeal by leaders of the 36,000-man Transport Workers Union for the Transit Authority to make an equitable offer.

"We don't want a strike," Matthew Guinan, international president of the TWU told the meeting. "We know that the last strike cost the city a lot and our own workers a lot."

Daniel Gilmartin, president of Local 100, and other speakers emphasized the union's unwillingness to compromise on its demand for retirement at half pay after 20 years' service.

U.S. Prepares Hospitals In Vietnam For Civilians

SAIGON (AP) — The United States is preparing three hospitals with a total of 800 beds and staffing them with American military doctors and nurses to help care for the thousands of civilian victims of the Vietnam war, high U.S. officials disclosed today.

Civilian casualties are mounting—one American expert estimates them at 100,000 this year—and Vietnamese hospitals are unable to care for many of them.

The U.S. officials said American military hospitals since last March have been authorized to accept as many wounded civilians as they have room for, and about 300 a month have been treated. Some civilians had been treated even before that, they added.

A 300-bed civilian hospital at Tuy Hoa, entirely staffed by U.S. military doctors, nurses and orderlies, will open in a few days, the officials said.

A second hospital, with 200 beds, is expected to be completed at Chu Lai before the end of January. A third hospital, at Can Tho in the Mekong Delta, is expected to open in late spring with 500 beds for U.S. soldiers and 300 for civilians.

The first two hospitals are being converted from existing U.S. military facilities, while the Can Tho facility is a new structure. The space-avaiable admissions at other U.S. hospitals are to continue.

The building of the Can Tho hospital indicates that U.S. officials expect increased fighting in the delta, and a consequent increase in both military and civilian casualties.

Vietnamese government figures show an average of 4,000 civilians killed and wounded were reported each month during the past year, or at least 48,000 civilian casualties during the year.

But Col. William W. Moncrief Jr., U.S. assistant director for public health, estimated that only half of the civilian casualties are reported and the war's toll of civilians this year will be 24,000 killed and 76,000 wounded.

Charles Perrault gave the Mother Goose stories to the world.

Potters Struggle To Sixth Win, Top Ursuline 63-51

Sports Whirled

By TURK PIERCE
Review Sports Editor

If you were asked who had the best record of active college football coaches, who would you say?

Paul (Bear) Bryant, Darrell Royal, Tommy Prothero, Harold Burry, Duffy Daugherty? It's none of these, but someone much lesser known. Some of his former players have become quite well known in the pro ranks, however.

The man is Jake Gaither, coach of the Florida A & M Rattlers. Among the players he has coached are Bob Hayes of the Dallas Cowboys and Clarence Childs of the New York Giants. Gaither has compiled a 187-33-4 record over the last 23 years. Over a four-year period in the early 60's the Rattlers averaged more than 40 points a game. During the platoon era in football Gaither dubbed his three units "Blood", "Sweat" and "Tears".

One reason why Hayes is doing so well in pro football, compared to other sprinters like Frank Budd and Harry Jerome, is that he was a football star in college as well as just a sprinter.

PHILADELPHIA FANS, known as the worst "boo-birds" in the world of sports, outdid themselves at the Eagle-Browns finale. Not only was Eagles' coach Joe Kuharich saluted with signs reading "Waterbucket Joe Must Go," but even Santa Claus, making a halftime appearance, received the raspberry from the inhabitants of the City of Brotherly love.

JIM MURRAY OF the Los Angeles Times wrote a very funny column after the Rams were trounced by Green Bay Saturday. Commenting on the cold weather in Milwaukee, which undoubtedly had an effect on the game, Murray said "Playing the Packers in Wisconsin is like wrestling a shark underwater. Condition are the same for both sides, but for one it's their natural habitat."

LLOYD EATON, coach of Sugar Bowl-bound Wyoming Cowboys, is a graduate of Spearfish (S. D.) Normal. The name of this institution now has been changed to Black Hills Teachers College, for some reason.

PRE-GAME football pep rallies were revived at Indiana U. this year. In prior years they had been too depressing, as the Hoosiers lost too consistently.

THE BIG 8 had the best record against intersectional football foes this fall, with a 14-8 mark. Closely following were the Southeastern, the Western, and the Southern. The Big 10 had a 13-15 mark and the South west was worst at 7-17.

Diddle Gets 20 To Pace Locals

By TURK PIERCE
Review Sports Editor

Playing lethargically most of the way, the East Liverpool Potters ran their season record to 6-0 with 63-51 win over Youngstown Ursuline in a chilly Memorial Auditorium last night.

Earl Diddle sparked the win with 20 points, while Mitchell Jones added 12 and Bill Montgomery 11. Mike McVay and Bruce Christian both hit the scoring column for the first time this season after being out with football injuries.

"We were very flat. It was our worst defensive effort of the season", said winning coach Clint McConnell. The Irish did get numerous easy baskets, but the Potters had built up a 54-34 lead before the home team began sending in substitutes.

The loss was the fifth straight of the season for Frank Beck's invaders, and by the biggest margin. Larry Cummings was high for the Irish with 13 points, but he was 9 for 7 in the third period and missed 10 straight shots from the floor at one point. Tom Ruble added 10 markers.

The winners dominated the boards, 55-38, as Jerry Christian had 13 rebounds and Jones and Montgomery 10 each. Ruble was high for the losers with five. He and the other big man for the visitors, Tom Tamburino, were in constant foul trouble and both finally fouled out.

Making 8 of 12 shots in the last period the winners ended up with a 41 per cent mark from the field. Ursuline hit 35 per cent. East Liverpool had a poor night from the foul line, making less than half of its attempts. The winners committed 18 turnovers to 12 for Ursuline.

The Potters opened leads of 10-4 and 15-8 in the first period but the Irish got back to 15-13 early in the second stanza. Jones, who had 10 of his points in the first half, kept the Potters ahead, but Ursuline was still in the game late in the third period when a seven-point string made it 45-29 and virtually iced the decision for the home club. Diddle, who was hitting from the outside, had 14 points in the second half.

The win ends a very successful 1967 for the Potters, who lost only three games during the calendar year. The losses were to Columbus East and Youngstown South during the regular season and to New Philadelphia in the district finals last March.

EL is now off until Jan. 5, when it begins Big 8 action at Warren Harding.

Stanton Stymied Again, Loses To Yorkville 66-56

Plagued by illness, the Stanton Raiders dropped their sixth game in seven starts last night by a 66-56 score to Yorkville at Stanton.

The win was the fifth in six tries for the visitors, who were paced by 20 points by Sam Jokovich. Rob Zitzelberger added 13, Daryl Doudna 11 and Bob Signorini 10.

Starting center Cliff Slusher and top reserve Elmer Tice were out sick for Stanton and Dave Murray's thin bench couldn't take up the slack. Randy Frampton had 22, Dave Olesky 16 and Bill Koehnlein 13, but the rest of the squad only five.

Yorkville broke on top and was never headed, although the home team closed the gap to 51-48 with six minutes left.

In the reserve contest Stanton dropped its seventh straight, 49-23. Terry Williams had 7 for the losers and Lloyd Cochran 16 for the winners.

Pipers Win 11th Straight

By The Associated Press

The Pittsburgh Pipers got piping hot when it counted and thus are within one game of the leading Minnesota Muskies in the Eastern Division of the American Basketball Association today.

Trailing virtually throughout their game against Kentucky Wednesday night, the Pipers scored 11 straight points in the final 3½ minutes to defeat the Colonels, 100-98.

Minnesota was idle. In the only other game, Denver trounced Houston 108-82.

Chico Vaughn was high for Pittsburgh with 28 points, followed by Tom Washington with 24 and Art Heyman with 23. Louie Dampier topped the Colorels with 17.

Denver's victory lifted its record to 18-17, good for third place in the Western Division. Houston is fifth with an 11-21 mark. Willie Murrell dopped in 28 points to lead the Rockets' attack while Grant Simmons had 20 for Houston.

Knicks Fire McGuire, Get Holzman

NEW YORK (AP) — The sudden firing of Dick McGuire came as no surprise to the coach of the slump-ridden New York Knicks.

"I knew it was coming," McGuire said Wednesday after he had been fired as coach and replaced by chief scout Red Holzman. "When a team is losing, changes have to be made."

McGuire, 41, was fired moments after the Knicks dropped a 114-105 decision to Philadelphia. It was their fourth straight loss and ninth in 12 games.

"The team improved under Dick last year," said Knick President Ned Irish, "and we expected it to be even better this season. We have been disappointed."

McGuire took the Knicks into the playoffs last season for the first time since 1959.

They were expected to be greatly improved this year with the addition of high-priced rookies Bill Bradley and Walt Frazier. Instead, they have slipped to a 15-23 mark and fifth place in the sx-team Eastern Division of the National Basketball Association.

"The decision was made Wednesday to make the change," Irish said. "Holzman was the logical man to consider. He has the background and knows the personnel."

Holzman, a former Knick and Detroit star and later a coach for Detroit and St. Louis, said he doesn't plan any drastic changes immediately.

Wally Jones Sparks 76ers Over Knicks

NEW YORK (AP) — Wally Jones used to worry about his shooting, but since his coach has taken over the worrying, Wally Wonder has become quite a marksman.

Jones, a peppery, 6-foot-2 guard for the defending National Basketball Association champion Philadelphia 76ers, helped his team trim the New York Knickerbockers, 114-105 Wednesday, scoring 24 points while holding Bill Bradley, New York's heralded rookie, to 13 points.

The victory, plus St. Louis' 116-113 victory over Boston, put the 76ers 1½ games in front of the Celtics in the Eastern Division standings. Cincinnati nipped Los Angeles 132-127 in the only other NBA game scheduled.

Asked about his transformation from benchwarmer into a vital cog in the 76ers machine, Jones said, "It's a matter of confidence."

Jones, in his fourth NBA season, played one year at Baltimore and averaged 5.3 points per game. He was then traded to Philadelphia and averaged 9.0. Last season he averaged 13.2 and currently is firing at a 15-point clip.

"Alex (Coach Alex Hannum) told me not to worry," Jones said. "He said he'd do the worrying for me. He said 'Wally, just go in there and shoot.'"

Shooting and his sensational ball handling displays have brought Jones the nickname Wally Wonder.

Jones scored 13 of his points in the opening quarter and had 18 at halftime as the 76ers took a 68-50 halftime lead. But New York went ahead 82-81 on Dick Barnett's two free throws late in the third quarter.

Then Hal Greer took over and scored five straight points to put the 76ers ahead to stay, 90-84 at the end of three quarters. Greer finished with a game-high 28 points, and Wilt Chamberlain added 27. Walt Bellamy had 27 for the Knicks and Barnett 26, all in the second half.

Paul Silas hit for 10 points in the fourth quarter, broke three ties—the last at 112-112—and led the St. Louis upset of Boston. Sam Jones of Boston led all scorers with 30 points, while Zelmo Beaty and Bill Bridges each had 26 for the Hawks.

Oscar Robertson hit eight of his 34 points in the last 3½ minutes as Cincinnati fought off a rally by injury-plagued Los Angeles. Mel Counts had a career high 30 points for the Lakers.

Cowboys Need Win To Silence Critics

DALLAS, Tex. (AP)—Besides $30,000, which they might make if they beat Green Bay Sunday, the Dallas Cowboys also have another little matter to consider—they need to topple the Packers to remove their greatest detractors.

Never has Dallas defeated Green Bay when the chips were on the line in National Football League play.

They have met four times under these circumstances and on each occasion the Cowboys lost. Only one other team in the NFL holds a shutout in league series with Dallas. That is Baltimore, but the Colts have won only three times.

Dallas has met Green Bay in 12 exhibition and league games since entering the NFL in 1960. Green Bay won six of the eight preseason games.

And now the Cowboys go to Green Bay to meet the Packers for the NFL championship the second year in a row.

Coach Tom Landry has taken the view that playing Green Bay for the title last year has helped the Cowboys' chances this time.

"Defensively we are a year older and we will have profited from what happened in last year's championship game," said Landry. "Our ability to handle the outside receiving of Carroll Dale and Boyd Dowler will be a determining factor."

Dale and Dowler took touchdown passes in last year's 34-27 victory by Green Bay.

He said if Dallas could move the ball and be as alert as it was in the 52-14 thrashing of Cleveland last Sunday when the Cowboys won the Eastern Conference championship and got into the playoff against Green Bay "we should stand a good chance."

AFL Title Means More Than Before

HOUSTON (AP) — American Football League championship games are nothing new to Bob Talamini but the veteran Houston Oiler offensive guard says preparations for Sunday's encounter at Oakland are providing him with a special thrill.

"This time, we were down so long and everybody said we'd finish last again this year, so it has to be a bigger thrill," said the former Kentucky star.

Talamini was a rookie when Houston won the first AFL championship in 1960. The Oilers won again in 1961 but lost the 1962 championship to the old Dallas Texans in pro football's longest game.

"Those early championship games were exciting but they didn't mean as much as this to the people because nobody knew whether the American League was going to survive or not," he said. "We won the Eastern Division this year when nobody believed we could. Many still find it hard to accept."

Safety Jim Norton and defensive end Don Floyd are the only other Oilers remaining from the original 1960 squad.

Floyd agrees that winning the division title this year supplied the greatest thrill.

"It's hard to explain why," Floyd said. "We had to come so far after a slow start. It just means more than winning those other titles."

The first three division championships were followed by dismal 6-8,4-10 and 3-11 seasons.

The hign life goes on at 40 for UCLAs all-conquering basketball dynasty.

The Bruins rambled to their 40th consecutive victory in appropriate fashion—with a 40-point cushion—Wednesday night, burying Minnesota's gasping Gophers 95-55 in the opening round of the Los Angeles Classic.

Lew Alcindor popped in 28 points as UCLA, the nation's reigning college power, shot 61 per cent on the way to its sixth victory of the season. The Bruins surged to a 51-25 halftime bulge and upped the count to 67-28 before Coach John Wooden let his reserves play out the string. Lucius Allen and Edgar Lacey supported Alcindor with 19 and 14 points, respectively.

UCLA's next hurdle will be a tall one. The Bruins play St. Louis University, 97-78 first game victor over Utah State, in Friday night's semifinals—with 7-foot-2 Alcindor pitted against 7-foot Rich Niemann of the Billikens.

Niemann scored 22 points and Tom Thomas netted 19 as the Billikens demolished the Aggies after a lethargic start. St. Louis fell behind 15-7, rallied for a 45-44 halftime edge and then drew steadily away for its fifth victory in eight starts.

The LA Classic doubleheader topped a bill of far-flung tournament action.

Unbeaten Oklahoma City got a total of 76 points from Rich Travis, Charles Wallace and Henry Koper on the way to a 105-86 triumph over Fordham in the first round of the 32nd All College Tournament—the nation's oldest holiday cage attraction.

Travis scored 29 points, Wallace 26 and Koper 21 as the Chiefs rolled to their sixth victory after Auburn trimmed Arkansas 65-58 in the tourney opener at Oklahoma City.

At Philadelphia, Temple handed Providence its worst beating in four years, mauling the Friars 93-63 behind a tenacious zone press to advance to the semifinals of the Quaker City Classic with Wisconsin, St. Francis, Pa., and Duquesne.

The Owls, 6-2, broke to an early 20-8 lead against Providence, led 42-27 at the half and drew away behind the ballhawking of Drew Nolan and Tony Brocchi. Chuck Nagle and Joe Franklin each hit for 23 points as Wisconsin drubbed Penn 86-67 for its sixth victory in seven starts.

Norm Vanlier set a tournament record of 12 assists and also scored 17 points, leading St. Francis past Arizona 85-71, and Duquesne trounced Villanova 78-59 for a 7-1 mark.

New Mexico ran its unbeaten string to nine games by whipping San Jose State 93-75 and Rhode Island toppled Gonzaga 89-81 in the opening round of the Lobo Invitational at Albuquerque, N.M. Ron Nelson scored 22 points and Greg Howard added 17 points and 17 rebounds for the Lobos after Art Stephenson, Larry Johnson and John Fulitz sparked Rhode Island with 20 points apiece.

Dolph Porrota's 39-point binge carried New York University to a 93-88 overtime triumph over favored Santa Clara and Miami, Fla., the host club, outscored Dartmouth 110-91 in the Hurricane Classic. Miami and NYU tangle in tonight's final.

St. Joseph's, Pa., upended Florida 89-69 despite 32 points by Neal Walk, the Gators 6-foot-11 center, and moved into the title game of the Gator Bowl ourney at Jacksonville, Fla., with Washington, which nipped Mississippi State 82-80.

Alabama and Tulane reached the final of the Mobile, Ala., Classic, the Crimson Wave ousting Baylor 85-75 and the Green Wave shading Spring Hill 90-86. Colorado blasted Iowa State 80-62 and Kansas State beat Missouri 71-61.

Potters Struggle To Sixth Win, Top Ursuline 63-51

If you were asked who had the best record of active college football coaches, who would you say?

Paul (Bear) Bryant, Darrell Royal, Tommy Prothero, Harold Burry, Duffy Daugherty? It's none of these, but someone much lesser known. Some of his former players have become quite well known in the pro ranks, however.

The man is Jake Gaither, coach of the Florida A & M Rattlers. Among the players he has coached are Bob Hayes of the Dallas Cowboys and Clarence Childs of the New York Giants. Gaither has compiled a 187-33-4 record over the last 23 years. Over a four-year period in the early 60's the Rattlers averaged more than 40 points a game. During the platoon era in football Gaither dubbed his three units "Blood", "Sweat" and "Tears".

One reason why Hayes is doing so well in pro football, compared to other sprinters like Frank Budd and Harry Jerome, is that he was a football star in college as well as just a sprinter.

PHILADELPHIA FANS, known as the worst "boo-birds" in the world of sports, outdid themselves at the Eagle-Browns finale. Not only was Eagles' coach Joe Kuharich saluted with signs reading "Waterbucket Joe Must Go," but even Santa Claus, making a halftime appearance, received the raspberry from the inhabitants of the City of Brotherly love.

JIM MURRAY OF the Los Angeles Times wrote a very funny column after the Rams were trounced by Green Bay Saturday. Commenting on the cold weather in Milwaukee, which undoubtedly had an effect on the game, Murray said "Playing the Packers in Wisconsin is like wrestling a shark underwater. Condition are the same for both sides, but for one it's their natural habitat."

LLOYD EATON, coach of Sugar Bowl-bound Wyoming Cowboys, is a graduate of Spearfish (S. D.) Normal. The name of this institution now has been changed to Black Hills Teachers College, for some reason.

PRE-GAME football pep rallies were revived at Indiana U. this year. In prior years they had been too depressing, as the Hoosiers lost too consistently.

THE BIG 8 had the best record against intersectional football foes this fall, with a 14-8 mark. Closely following were the Southeastern, the Western, and the Southern. The Big 10 had a 13-15 mark and the South west was worst at 7-17.

Diddle Gets 20 To Pace Locals

By TURK PIERCE

Playing lethargically most of the way, the East Liverpool Potters ran their season record to 6-0 with 63-51 win over Youngstown Ursuline in a chilly Memorial Auditorium last night.

Earl Diddle sparked the win with 20 points, while Mitchell Jones added 12 and Bill Montgomery 11. Mike McVay and Bruce Christian both hit the scoring column for the first time this season after being out with football injuries.

"We were very flat. It was our worst defensive effort of the season", said winning coach Clint McConnell. The Irish did get numerous easy baskets, but the Potters had built up a 54-34 lead before the home team began sending in substitutes.

The loss was the fifth straight of the season for Frank Beck's invaders, and by the biggest margin. Larry Cummings was high for the Irish with 13 points, but he was 9 for 7 in the third period and missed 10 straight shots from the floor at one point. Tom Ruble added 10 markers.

The winners dominated the boards, 55-38, as Jerry Christian had 13 rebounds and Jones and Montgomery 10 each. Ruble was high for the losers with five. He and the other big man for the visitors, Tom Tamburino, were in constant foul trouble and both finally fouled out.

Making 8 of 12 shots in the last period the winners ended up with a 41 per cent mark from the field. Ursuline hit 35 per cent. East Liverpool had a poor night from the foul line, making less than half of its attempts. The winners committed 18 turnovers to 12 for Ursuline.

The Potters opened leads of 10-4 and 15-8 in the first period but the Irish got back to 15-13 early in the second stanza. Jones, who had 10 of his points in the first half, kept the Potters ahead, but Ursuline was still in the game late in the third period when a seven-point string made it 45-29 and virtually iced the decision for the home club. Diddle, who was hitting from the outside, had 14 points in the second half.

The win ends a very successful 1967 for the Potters, who lost only three games during the calendar year. The losses were to Columbus East and Youngstown South during the regular season and to New Philadelphia in the district finals last March.

EL is now off until Jan. 5, when it begins Big 8 action at Warren Harding.

Stanton Stymied Again, Loses To Yorkville 66-56

Plagued by illness, the Stanton Raiders dropped their sixth game in seven starts last night by a 66-56 score to Yorkville at Stanton.

The win was the fifth in six tries for the visitors, who were paced by 20 points by Sam Jokovich. Rob Zitzelberger added 13, Daryl Doudna 11 and Bob Signorini 10.

Starting center Cliff Slusher and top reserve Elmer Tice were out sick for Stanton and Dave Murray's thin bench couldn't take up the slack. Randy Frampton had 22, Dave Olesky 16 and Bill Koehnlein 13, but the rest of the squad only five.

Yorkville broke on top and was never headed, although the home team closed the gap to 51-48 with six minutes left.

In the reserve contest Stanton dropped its seventh straight, 49-23. Terry Williams had 7 for the losers and Lloyd Cochran 16 for the winners.

The Owls, 6-2, broke to an early 20-8 lead against Providence, led 42-27 at the half and drew away behind the ballhawking of Drew Nolan and Tony Brocchi. Chuck Nagle and Joe Franklin each hit for 23 points as Wisconsin drubbed Penn 86-67 for its sixth victory in seven starts.

Norm Vanlier set a tournament record of 12 assists and also scored 17 points, leading St. Francis past Arizona 85-71, and Duquesne trounced Villanova 78-59 for a 7-1 mark.

New Mexico ran its unbeaten string to nine games by whipping San Jose State 93-75 and Rhode Island toppled Gonzaga 89-81 in the opening round of the Lobo Invitational at Albuquerque, N.M. Ron Nelson scored 22 points and Greg Howard added 17 points and 17 rebounds for the Lobos after Art Stephenson, Larry Johnson and John Fulitz sparked Rhode Island with 20 points apiece.

Dolph Porrota's 39-point binge carried New York University to a 93-88 overtime triumph over favored Santa Clara and Miami, Fla., the host club, outscored Dartmouth 110-91 in the Hurricane Classic. Miami and NYU tangle in tonight's final.

St. Joseph's, Pa., upended Florida 89-69 despite 32 points by Neal Walk, the Gators 6-foot-11 center, and moved into the title game of the Gator Bowl ourney at Jacksonville, Fla., with Washington, which nipped Mississippi State 82-80.

Alabama and Tulane reached the final of the Mobile, Ala., Classic, the Crimson Wave ousting Baylor 85-75 and the Green Wave shading Spring Hill 90-86. Colorado blasted Iowa State 80-62 and Kansas State beat Missouri 71-61.

Pipers Win 11th Straight

By The Associated Press

The Pittsburgh Pipers got piping hot when it counted and thus are within one game of the leading Minnesota Muskies in the Eastern Division of the American Basketball Association today.

Trailing virtually throughout their game against Kentucky Wednesday night, the Pipers scored 11 straight points in the final 3½ minutes to defeat the Colonels, 100-98.

Minnesota was idle. In the only other game, Denver trounced Houston 108-82.

Chico Vaughn was high for Pittsburgh with 28 points, followed by Tom Washington with 24 and Art Heyman with 23. Louie Dampier topped the Colorels with 17.

Denver's victory lifted its record to 18-17, good for third place in the Western Division. Houston is fifth with an 11-21 mark. Willie Murrell dopped in 23 points to lead the Rockets' attack while Grant Simmons had 20 for Houston.

Knicks Fire McGuire, Get Holzman

NEW YORK (AP) — The sudden firing of Dick McGuire came as no surprise to the coach of the slump-ridden New York Knicks.

"I knew it was coming," McGuire said Wednesday after he had been fired as coach and replaced by chief scout Red Holzman. "When a team is losing, changes have to be made."

McGuire, 41, was fired moments after the Knicks dropped a 114-105 decision to Philadelphia. It was their fourth straight loss and ninth in 12 games.

"The team improved under Dick last year," said Knick President Ned Irish, "and we expected it to be even better this season. We have been disappointed."

McGuire took the Knicks into the playoffs last season for the first time since 1959.

They were expected to be greatly improved this year with the addition of high-priced rookies Bill Bradley and Walt Frazier. Instead, they have slipped to a 15-23 mark and fifth place in the sx-team Eastern Division of the National Basketball Association.

"The decision was made Wednesday to make the change," Irish said. "Holzman was the logical man to consider. He has the background and knows the personnel."

Holzman, a former Knick and Detroit star and later a coach for Detroit and St. Louis, said he doesn't plan any drastic changes immediately.

Potter Wrestlers Open Saturday

The East Liverpool High School wrestling team, otherwise known as Mowad's Maulers, will spend 1967-68 as vagabonds of the mat.

Wrestling returns to ELHS after a year's absence, but coach Joe Mowad is somewhat short of facilities. Most importantly, the Potters don't have a mat of their own, so must wrestle all their matches on the road. The lone exception is that South Side will appear at East Liverpool January 30, bringing their mat with them. The Potters presently practice in the girls gym in the high school basement, which is unheated, according to the mat hopefuls.

Mowad, who wrestled at Colorado Western, is in his first year as wrestling coach. He is being helped out by Nick Musuraca and Jerry Pillar.

The Potters lack experience. The lone letterman on the team is Don Talbot at 138 and Mike Jackson at 120 is the only other team member who wrestled two years ago.

At 103 two sophomores, Dick Brant and Russell Adkins, are the candidates. Junior Rick Eckles and sophomore Mike Ferrello are the hopefuls at 112. Jackson is challenged by sophomore Steve Cochran at 120. At 127 sophomores Matt Kozlowski and Ron Pillar are battling junior Frank Densmore and senior Dan Kristy. Talbot's competitors at 138 are sophomores Gary Mostyn and Joe Alford. Junior Sam Natalina is the only candidate at 145, while two more juniors, Floyd (Bub) Cranston and Curtis (Duty) Jones will battle it out for the 154 slot. At 165 there are four contenders, junior Herb Purton, seniors Marv Kinsey and John Duffy and sophomore Louis Volino. Mark Kozlowski, a senior, has the inside track at 175 but is challenged by Tom Hanselman. Two junior football players, Don Cochran and Jim Musuraca, are the heavyweight hopefuls.

The first match is at Dover on Saturday. Mowad will hold wrestle-offs this week to determine his starters.

The remaining schedule:

Jan. 5-6—Northwestern Tournament at Canal Fulton
Jan. 13—at Ravenna
Jan. 16—at South Side Beaver
Jan. 23—at Brilliant
Jan. 27—at Northwestern Stark County
Jan. 30—South Side Beaver
Feb. 2—at Bellaire
Feb. 9—Regionals at Steubenville

Indiana Stopped Keyes, Must Contain Simpson

PASADENA, Calif. (AP) — Indiana's defensive end Cal Snowden goes from one tough problem to another.

"Against Purdue we had to contain Leroy Keyes and now we have to try to contain O.J. Simpson," says Snowden in assessing the Rose Bowl battle against Southern California on New Year's Day.

Snowden, a 222-pound junior from Washington, and his fellow end Tom Bilunas, a 215-pounder from Gary, Ind., were big reasons the Hoosiers beat Purdue 19-14 in the traditional finale of the season to win the Rose Bowl trip.

Keyes and Simpson won All-American honors this season with the latter second in the Heisman Trophy voting and the former third. Keyes didn't score against Indiana and Snowden says the Indiana defensive corps hopes to contain Simpson as effectively.

Coach John Pont closed the Indiana practices to spectators today except for news media and the official party. Earlier drills had been open to the public.

Southern California realizes Indiana is well aware of Simpson, the nation's leading rusher with 1,415 yards during the season. So there has been stress on the passing game to keep the defenses honest.

Coach John McKay says the Trojans may play quarterback Mike Holmgren, a third stringer but the longest thrower on the club. Holmgren saw limited service during the regular season as Toby Page and Mike Sogge ran the club, the latter most of the time.

'Pitchin' Paul' Leads Wyoming In Sugar

NEW ORLEANS, La. (AP) Once upon a time the Sugar Bowl had Slingin' Sammy. The 1968 football classic will present Pitchin' Paul.

But Wyoming's Paul Toscano certainly hopes he doesn't suffer the same fate that befell Texas Christian's Sammy Baugh when the Cowboys meet powerful Louisiana State here on New Year's Day.

Although Baugh's Horned Frogs won the 1936 contest 3-2 from LSU, Slingin' Sammy got nailed in the end zone for a safety by Tiger All-American Gaynell Tinsley.

Toscano brings an impressive set of credentials to the Sugar Bowl. Yet the skinny, 6-foot-1, 177-pound senior had never played a down at quarterback in a varsity game until last September.

When he walked onto the field against Arizona as an untested signal-caller for Wyoming's defending Western Athletic Conference champions, everybody knew he was a pretty fair runner. He had returned six interceptions for 165 yards, including one of 48 yards for a touchdown while starring at defensive safety in 1966. The big question was could Toscano pass?

Against Arizona, Toscano clicked on nine of 19 tosses for 179 yards and two touchdowns in the Cowboys' 36-17 triumph. When the regular season ended, the Cowboys were the nation's only unbeaten and untied major college team and Pitchin' Paul was fifth in the nation in total offense and fifth in yards gained passing.

He hurled 241 passes and connected 134 times for 1,791 yards and 18 touchdowns. His completion percentage was 58.1.

Nebraska's Bob Devaney Warns Against Warmack

By WILL GRIMSLEY
Associated Press Sports Writer

MIAMI, Fla. (AP) — Coach Bob Devaney of Nebraska, in the role of observer, had a warning for Tennessee's Volunteers today in their Jan. 1 game against Oklahoma in the Orange Bowl.

"They'd better not underestimate Bob Warmack," the paunchy Cornhusker coach, on the bowl scene as a second-guesser rather than a competitor for the first time in six years, said.

"I think this boy is one of the most underrated quarterbacks in the country. He is a fine passer and a dangerous runner. He throws a very soft pass, easy to catch, and he is phenomenal at hitting receivers."

Devaney, terming himself a relaxed spectator, also said that he felt no game this season sent together two teams more evenly matched. Tennessee, with a 9-1 record is ranked No. 2 nationally; Oklahoma, also 9-1, is No. 3.

"They're alike in so many respects," he added. "They're both very quick. Both have balanced offensives. Both are tough about letting the opposition hit on the big play. It should be very close."

Warmack, a six-foot, 170-pound junior from Ada, Okla., will be passer and signal-caller for the Sooners against a Tennessee team that has used three men in the quarterback slot this season — Dewey Warren, Charley Fulton and Bubba Wyche.

Warren is the Vols' No. 1 man, with 78 completions in 132 throws for a 59.1 percentage and 1,053 yards. Warmack has completed 53 per cent of his throws for 1,137 yards and seven touchdowns.

Packers' Henry Jordon New 'Fearsome Onesome'

GREEN BAY, Wis. (AP) — A balding Henry Jordan of the Green Bay packers, who probably has less hair and more moves than any tackle in football, is feeling like Henry Jordan again—he's worried as usual.

"Don't talk to me about the Super Bowl. I don't even think about the Super Bowl," said Jordan Wednesday as he prepared for the Dallas Cowboys and John Niland, the guard he will oppose in Sunday's National Football League championship game.

"That Niland, he's a good one," said the 6-foot-3, 250-pound veteran. It was Jordan's typical way of getting ready. Niland is good. So is Jordan, although a week before he wasn't so sure about that.

Jordan, who will be 33 next month, was beset with self doubt as he readied for the Western Conference playoff game with the Los Angeles Rams last Saturday. He was worried not only about the Rams and guard Tom Mack, but about Henry Jordan, the oft-time all-League selection. "I was losing a little confidence in myself," he said.

For three weeks, Jordan and his mates had not been getting to the enemy passer. The usually stingy Packer defense was giving up an unusual number of points, and the Packers even dropped two straight games.

Some die-hard Packer fans thought that possibly old age had finally caught up to Green Bay. "It wasn't only the fans," Jordan confessed.

Jordan proved he wasn't quite ready for the rocking chair. "Our Fearsome Onesome," was what fellow tackle Ron Kostelnik called Jordan after the 28-7 Packer victory Saturday.

Jordan truly was fearsome. Four times he sped by Mack to spill Ram quarterback Roman Gabriel for losses. Ram runners who tried to come up with yardage through Jordan's position got nowhere.

Model Home Takes Prize In Bowling

The Model Home Improvements Team of Calcutta won the second annual five-man handicap event held at the Friendly Bowling Center last week.

Members of the winning team were Ernie Hanlon, Glen McGaffic, Bob McGaffic, Herb Hood and Jay Michels. The winning team had 3,015 pins while the runners up, The Santa Claus team, had 3,012. The Busy Bee Lunch entry finished third with a 2,978 series. Also placing in the money were The Hoolums with a 2,976 series and Mirenof's with a 2,973 series.

John Smith of Lisbon took the individual game honors when he rolled a 276 scratch game. Having only a 156 average this gave him a 306 for single game with handicap to nail down that honor.

Series honors went to Dave Tarbuck of East Liverpool with a 611 scratch series and to Ernie Hanlon who had a 668 series with handicap.

The tournament saw thirty three teams competing from all over the Tri-state area.

Reserves Drop Slow Game 37-32

The East Liverpool reserve basketball team dropped its second straight after four wins last night 37-32 to the Youngstown Ursuline reserves.

The game could best have been described as slow-paced, especially the first half, which ended with the visitors ahead 13-12. Jim Massey was the big gun for the locals, with 17 points. Jack Melvin, top scorer and rebounder on the team, suffered a knee injury early in the contest and didn't return to action until th final period. He failed to score and got only two rebounds. Steve Douglas came off the bench to grab 11 rebounds.

Ursuline used more or less a platoon system, and 6-5 Sam Scott grabbed nine rebounds in two periods. Darrell Paul was high scorer with seven points, also in two periods.

Ursuline was held scoreless until 50 seconds remained in the opening stanza, but two quick buckets cut the Little Potters' margin to 5-4. It was 10-7 when the visitors scored six straight to give them a lead they never lost, though their biggest margin was 30-22. This was obtained by a six-point string at the beginning of the final quarter. Frank Melchiorre's team got back to 31-28 with about two minutes to play, but couldn't close the gap.

As usual, the reserves were hurt by poor foul shooting. They led from the field 13-11, but could cash only 6 of 19 foul shots compared to 15 of 25 for the winners, who are now 3-3.

Will Coach West

LOS ANGELES (AP) — Don Shula of the Baltimore Colts Wednesday was named to coach the West in the annual East-West pro bowl game of the National Football League.

The first American coin was a one-cent piece minted in 1787. It had 13 links representing the 13 original states.

YOUR CAR

By Al Green

THE RESEARCH INSTITUTE OF AMERICA says the average married man who earns between $9,000 and $11,000 a year should be able to afford a $3,500 car if he has no unusual fixed expenses.

SAFETY IS NOT A CAMPAIGN OR promotion, it is a state of mind. Drivers can be trained to think safety by constantly being reminded of safe driving habits.

ONE OF MY NEIGHBORS RAN HIS CAR through three hedges, over an outdoor fountain and then through a patio . . . then he lost control of his car!

THE SHOCK OF HAVING YOUR CAR'S hood slammed too often can jar and soon break your headlight element. Close that hood more gently!

ISN'T IT ABOUT TIME YOU HAD A NEW car? Remember the thrill of a brand new model? Remember the feeling of pride in the sleek newness? Why not come past M & A MOTORS DODGE this week here in East Liverpool and pick out a Dodge for your garage? Stop in very soon!

Potter Wrestlers Open Saturday

The East Liverpool High School wrestling team, otherwise known as Mowad's Maulers, will spend 1967-68 as vagabonds of the mat.

Wrestling returns to ELHS after a year's absence, but coach Joe Mowad is somewhat short of facilities. Most importantly, the Potters don't have a mat of their own, so must wrestle all their matches on the road. The lone exception is that South Side will appear at East Liverpool January 30, bringing their mat with them. The Potters presently practice in the girls gym in the high school basement, which is unheated, according to the mat hopefuls.

Mowad, who wrestled at Colorado Western, is in his first year as wrestling coach. He is being helped out by Nick Musuraca and Jerry Pillar.

The Potters lack experience. The lone letterman on the team is Don Talbot at 138 and Mike Jackson at 120 is the only other team member who wrestled two years ago.

At 103 two sophomores, Dick Brant and Russell Adkins, are the candidates. Junior Rick Eckles and sophomore Mike Ferrello are the hopefuls at 112. Jackson is challenged by sophomore Steve Cochran at 120. At 127 sophomores Matt Kozlowski and Ron Pillar are battling junior Frank Densmore and senior Dan Kristy. Talbot's competitors at 138 are sophomores Gary Mostyn and Joe Alford. Junior Sam Natalina is the only candidate at 145, while two more juniors, Floyd (Bub) Cranston and Curtis (Duty) Jones will battle it out for the 154 slot. At 165 there are four contenders, junior Herb Purton, seniors Marv Kinsey and John Duffy and sophomore Louis Volino. Mark Kozlowski, a senior, has the inside track at 175 but is challenged by Tom Hanselman. Two junior football players, Don Cochran and Jim Musuraca, are the heavyweight hopefuls.

The first match is at Dover on Saturday. Mowad will hold wrestle-offs this week to determine his starters.

The remaining schedule:

Jan. 5-6—Northwestern Tournament at Canal Fulton
Jan. 13—at Ravenna
Jan. 16—at South Side Beaver
Jan. 23—at Brilliant
Jan. 27—at Northwestern Stark County
Jan. 30—South Side Beaver
Feb. 2—at Bellaire
Feb. 9—Regionals at Steubenville

Indiana Stopped Keyes, Must Contain Simpson

PASADENA, Calif. (AP) — Indiana's defensive end Cal Snowden goes from one tough problem to another.

"Against Purdue we had to contain Leroy Keyes and now we have to try to contain O.J. Simpson," says Snowden in assessing the Rose Bowl battle against Southern California on New Year's Day.

Snowden, a 222-pound junior from Washington, and his fellow end Tom Bilunas, a 215-pounder from Gary, Ind., were big reasons the Hoosiers beat Purdue 19-14 in the traditional finale of the season to win the Rose Bowl trip.

Keyes and Simpson won All-American honors this season with the latter second in the Heisman Trophy voting and the former third. Keyes didn't score against Indiana and Snowden says the Indiana defensive corps hopes to contain Simpson as effectively.

Coach John Pont closed the Indiana practices to spectators today except for news media and the official party. Earlier drills had been open to the public.

Southern California realizes Indiana is well aware of Simpson, the nation's leading rusher with 1,415 yards during the season. So there has been stress on the passing game to keep the defenses honest.

Coach John McKay says the Trojans may play quarterback Mike Holmgren, a third stringer but the longest thrower on the club. Holmgren saw limited service during the regular season as Toby Page and Mike Sogge ran the club, the latter most of the time.

'Pitchin' Paul' Leads Wyoming In Sugar

NEW ORLEANS, La. (AP) Once upon a time the Sugar Bowl had Slingin' Sammy. The 1968 football classic will present Pitchin' Paul.

But Wyoming's Paul Toscano certainly hopes he doesn't suffer the same fate that befell Texas Christian's Sammy Baugh when the Cowboys meet powerful Louisiana State here on New Year's Day.

Although Baugh's Horned Frogs won the 1936 contest 3-2 from LSU, Slingin' Sammy got nailed in the end zone for a safety by Tiger All-American Gaynell Tinsley.

Toscano brings an impressive set of credentials to the Sugar Bowl. Yet the skinny, 6-foot-1, 177-pound senior had never played a down at quarterback in a varsity game until last September.

When he walked onto the field against Arizona as an untested signal-caller for Wyoming's defending Western Athletic Conference champions, everybody knew he was a pretty fair runner. He had returned six interceptions for 165 yards, including one of 48 yards for a touchdown while starring at defensive safety in 1966. The big question was could Toscano pass?

Against Arizona, Toscano clicked on nine of 19 tosses for 179 yards and two touchdowns in the Cowboys' 36-17 triumph. When the regular season ended, the Cowboys were the nation's only unbeaten and untied major college team and Pitchin' Paul was fifth in the nation in total offense and fifth in yards gained passing.

He hurled 241 passes and connected 134 times for 1,791 yards and 18 touchdowns. His completion percentage was 58.1.

Nebraska's Bob Devaney Warns Against Warmack

By WILL GRIMSLEY
Associated Press Sports Writer

MIAMI, Fla. (AP) — Coach Bob Devaney of Nebraska, in the role of observer, had a warning for Tennessee's Volunteers today in their Jan. 1 game against Oklahoma in the Orange Bowl.

"They'd better not underestimate Bob Warmack," the paunchy Cornhusker coach, on the bowl scene as a second-guesser rather than a competitor for the first time in six years, said.

"I think this boy is one of the most underrated quarterbacks in the country. He is a fine passer and a dangerous runner. He throws a very soft pass, easy to catch, and he is phenomenal at hitting receivers."

Devaney, terming himself a relaxed spectator, also said that he felt no game this season sent together two teams more evenly matched. Tennessee, with a 9-1 record is ranked No. 2 nationally; Oklahoma, also 9-1, is No. 3.

"They're alike in so many respects," he added. "They're both very quick. Both have balanced offensives. Both are tough about letting the opposition hit on the big play. It should be very close."

Warmack, a six-foot, 170-pound junior from Ada, Okla., will be passer and signal-caller for the Sooners against a Tennessee team that has used three men in the quarterback slot this season — Dewey Warren, Charley Fulton and Bubba Wyche.

Warren is the Vols' No. 1 man, with 78 completions in 132 throws for a 59.1 percentage and 1,053 yards. Warmack has completed 53 per cent of his throws for 1,137 yards and seven touchdowns.

Packers' Henry Jordon New 'Fearsome Onesome'

GREEN BAY, Wis. (AP) — A balding Henry Jordan of the Green Bay packers, who probably has less hair and more moves than any tackle in football, is feeling like Henry Jordan again—he's worried as usual.

"Don't talk to me about the Super Bowl. I don't even think about the Super Bowl," said Jordan Wednesday as he prepared for the Dallas Cowboys and John Niland, the guard he will oppose in Sunday's National Football League championship game.

"That Niland, he's a good one," said the 6-foot-3, 250-pound veteran. It was Jordan's typical way of getting ready. Niland is good. So is Jordan, although a week before he wasn't so sure about that.

Jordan, who will be 33 next month, was beset with self doubt as he readied for the Western Conference playoff game with the Los Angeles Rams last Saturday. He was worried not only about the Rams and guard Tom Mack, but about Henry Jordan, the ofttime all-League selection. "I was losing a little confidence in myself," he said.

For three weeks, Jordan and his mates had not been getting to the enemy passer. The usually stingy Packer defense was giving up an unusual number of points, and the Packers even dropped two straight games.

Some die-hard Packer fans thought that possibly old age had finally caught up to Green Bay. "It wasn't only the fans," Jordan confessed.

Jordan proved he wasn't quite ready for the rocking chair. "Our Fearsome Onesome," was what fellow tackle Ron Kostelnik called Jordan after the 28-7 Packer victory Saturday.

Jordan truly was fearsome. Four times he sped by Mack to spill Ram quarterback Roman Gabriel for losses. Ram runners who tried to come up with yardage through Jordan's position got nowhere.

Model Home Takes Prize In Bowling

The Model Home Improvements Team of Calcutta won the second annual five-man handicap event held at the Friendly Bowling Center last week.

Members of the winning team were Ernie Hanlon, Glen McGaffic, Bob McGaffic, Herb Hood and Jay Michels. The winning team had 3,015 pins while the runners up, The Santa Claus team, had 3,012. The Busy Bee Lunch entry finished third with a 2,978 series. Also placing in the money were The Hoolums with a 2,976 series and Mirenof's with a 2,973 series.

John Smith of Lisbon took the individual game honors when he rolled a 276 scratch game. Having only a 156 average this gave him a 306 for single game with handicap to nail down that honor.

Series honors went to Dave Tarbuck of East Liverpool with a 611 scratch series and to Ernie Hanlon who had a 668 series with handicap.

The tournament saw thirty three teams competing from all over the Tri-state area.

Reserves Drop Slow Game 37-32

The East Liverpool reserve basketball team dropped its second straight after four wins last night 37-32 to the Youngstown Ursuline reserves.

The game could best have been described as slow-paced, especially the first half, which ended with the visitors ahead 13-12. Jim Massey was the big gun for the locals, with 17 points. Jack Melvin, top scorer and rebounder on the team, suffered a knee injury early in the contest and didn't return to action until th final period. He failed to score and got only two rebounds. Steve Douglas came off the bench to grab 11 rebounds.

Ursuline used more or less a platoon system, and 6-5 Sam Scott grabbed nine rebounds in two periods. Darrell Paul was high scorer with seven points, also in two periods.

Ursuline was held scoreless until 50 seconds remained in the opening stanza, but two quick buckets cut the Little Potters' margin to 5-4. It was 10-7 when the visitors scored six straight to give them a lead they never lost, though their biggest margin was 30-22. This was obtained by a six-point string at the beginning of the final quarter. Frank Melchiorre's team got back to 31-28 with about two minutes to play, but couldn't close the gap.

As usual, the reserves were hurt by poor foul shooting. They led from the field 13-11, but could cash only 6 of 19 foul shots compared to 15 of 25 for the winners, who are now 3-3.

Will Coach West

LOS ANGELES (AP) — Don Shula of the Baltimore Colts Wednesday was named to coach the West in the annual East-West pro bowl game of the National Football League.

The first American coin was a one-cent piece minted in 1787. It had 13 links representing the 13 original states.

YOUR CAR
By Al Green

THE RESEARCH INSTITUTE OF AMERICA says the average married man who earns between $9,000 and $11,000 a year should be able to afford a $3,500 car if he has no unusual fixed expenses.

SAFETY IS NOT A CAMPAIGN OR promotion, it is a state of mind. Drivers can be trained to think safety by constantly being reminded of safe driving habits.

ONE OF MY NEIGHBORS RAN HIS CAR through three hedges, over an outdoor fountain and then through a patio . . . then he lost control of his car!

THE SHOCK OF HAVING YOUR CAR'S hood slammed too often can jar and soon break your headlight element. Close that hood more gently!

ISN'T IT ABOUT TIME YOU HAD A NEW car? Remember the thrill of a brand new model? Remember the feeling of pride in the sleek newness? Why not come past M & A MOTORS DODGE this week here in East Liverpool and pick out a Dodge for your garage? Stop in very soon!

TWO HANDS ABOVE CENTER OF THE WHEEL is the ideal hand position for driving. With one hand on wheel you lose 50% efficiency steering.

DEATHLY DRIVING BLUNDER NO. 32: Ignore that shimmy you get at 53 mph from the front end. Speed up a little and it'll go away!

YES, PREGNANT WOMEN SHOULD USE seat belts all through their term. Keep belt snug and as low on the pelvis as possible.

Out Of The Air

By HAL HUMPHREY

It's Wrap-Up Time Again

It's about that time of year again when the three major networks assemble their high-priced correspondents and commentators to a round-table discussion of the past 12 months and some heavy prognosticating for the next 12.

Hal Humphrey

Very rarely do we hear a review of last year's predictions, so we can't see how they did with them. The past few years, however, almost any of us could have done pretty well — the Vietnam War will continue, riots will hit our large cities in the summer and the political race will get hotter, we could have guessed easily, and been 100 per cent right.

-:-

CBS is splitting up its yearend review into two telecasts, one next Tuesday titled "America and the World" (that should keep the boys busy), And the other on Jan. 9 will be called simply "The Nation," Eric Sevareid is to moderate the first telecast; Walter Cronkite handles the second.

Sorely missed at these CBS sessions is the late Ed Murrow, who managed in his straightforward and succinct way to tie up all the loose ends neatly, no matter how far afield the correspondents rambled in their discussions.

Murrow's grasp of the world and where it seemed to be headed at that moment was unsurpassed by any of his colleagues in the broadcast field. Murrow and the late Elmer Davis, whom many of you must remember from his radio commentating days, were the only two broadcasters with a distinct flair for interpreting the news simply and to the point.

-:-

AMONG TODAY'S crop of newsmen on the air, the only one who might qualify to hold a pencil with Murrow and Davis is David Brinkley, who has too little opportunity on NBC to display his talents.

ABC will be on the air first with its yearend TV report tonight. Howard K. Smith, the former CBS-er, is the anchorman, and is a fine choice.

I mentioned a few months ago that Smith's duties at ABC had been curtailed sharply since his rather famous telecast five years ago, "A Political Obituary of Richard Nixon," but a letter from the ABC management assures that I am mistaken and that Smith is to be used "even more than he has been."

This is good news, because Smith is one of the few broadcasting correspondents who hasn't turned into being just a reader of news.

-:-

AFTER THEIR "Year Out, Year In" review tonight, the ABC correspondents go on tour to 11 major U.S. cities and put on their discussion for civic groups.

One of the interesting questions usually tossed at them from the floor at these tour appearances is, "Why don't you ever say those things on the air:"

First of all, as the correspondents themselves point out, they do say them on the air, but apparently not often enough for the comments to sink in.

Secondly, of course, a correspondent for TV feels much freer before an informal group of citizens than he does on TV's very nervous air before millions of viewers, so naturally speaks his opinions more freely.

However, on the air with these yearend roundups where their opinions are asked for, the correspondents deliver quite candidly.

-:-

NBC HOLDS its correspondents' powwow later than usual on Jan. 12 with Chet Huntley the moderator.

It may prove interesting for those viewers watching all four of these TV newsmen's roundups to compare the moderators' reactions to the various correspondents' reports.

Huntley apparently has turned quite "hawkish" on the war in Vietnam while CBS' Sevareid and ABC's Smith appear to be more middle-of-the-road in their Vietnam positions.

Although much of what is said during these roundup sessions of TV correspondents is contradictory and sometimes a bit dull, it is at least a big improvement over those yearend reviews we used to see in the theaters, furnished by the newsreels.

Usually they were just a collection of the past year's film clips and dealt mostly with disaster — man-made and natural. The TV correspondents at least are trying to sort out a few facts and to evaluate their effect on our immediate future.

Charged With Murder

CLEVELAND (AP)— Mildred Scott, 45, was charged Wednesday with first-degree murder in the stabbing of her husband, William, 44. He was killed Tuesday night during an argument.

Commerce Head Sees New Wave Of Prosperity

WASHINGTON (AP) — Commerce Secretary Alexander B. Trowbridge predicted today a "new wave of prosperity" during 1968 with significant gains in employment, income, profits and purchasing power.

But he said his forecast depends on congressional enactment of President Johnson's proposed 10 per cent income tax surcharge, a measure Trowbridge said would keep the economy on an even keel "so that we can continue to grow."

He also urged both labor and management to show restraint in seeking higher wages and prices.

"Inflation breeds more inflation," he said. "If there are excessive wage and price increases in 1968, the chances are much greater for more wage and price pressures in 1969.

"The longer an atmosphere of fast-rising wages and prices persists, the tougher the measures that will be needed to keep them in check," he added. "And I want to assure you that the last thing we in government want is wage and price controls."

He made the remarks in a talk prepared for a meeting of the American Marketing Association.

2 IN MEMORIAM

In loving memory of EMMETT L. VARIAN, JR. who passed away 8 years ago, December 28th:

There is a mother who misses you sadly And finds the time long since you went, And I think of you daily and hourly but try to be brave and content. But the tears that I shed in silence and I breathe a sigh of regret, For you were mine and I remember though all the world forget. Not dead to me who loved you my son, Not lost but gone before. But though we parted for a while I know we will meet again. Someday I hope to meet you; someday I know not when, we shall meet in a better land and never part again.

Sadly missed by Mother, Dad, Sisters, Brother and Granddad.

Out Of The Air

By HAL HUMPHREY

It's Wrap-Up Time Again

It's about that time of year again when the three major networks assemble their high-priced correspondents and commentators to a round-table discussion of the past 12 months and some heavy prognosticating for the next 12.

Hal Humphrey

Very rarely do we hear a review of last year's predictions, so we can't see how they did with them. The past few years, however, almost any of us could have done pretty well — the Vietnam War will continue, riots will hit our large cities in the summer and the political race will get hotter, we could have guessed easily, and been 100 per cent right.

-:-

CBS is splitting up its yearend review into two telecasts, one next Tuesday titled "America and the World" (that should keep the boys busy). And the other on Jan. 9 will be called simply "The Nation," Eric Sevareid is to moderate the first telecast; Walter Cronkite handles the second.

Sorely missed at these CBS sessions is the late Ed Murrow, who managed in his straightforward and succinct way to tie up all the loose ends neatly, no matter how far afield the correspondents rambled in their discussions.

Murrow's grasp of the world and where it seemed to be headed at that moment was unsurpassed by any of his colleagues in the broadcast field. Murrow and the late Elmer Davis, whom many of you must remember from his radio commentating days, were the only two broadcasters with a distinct flair for interpreting the news simply and to the point.

-:-

AMONG TODAY'S crop of newsmen on the air, the only one who might qualify to hold a pencil with Murrow and Davis is David Brinkley, who has too little opportunity on NBC to display his talents.

ABC will be on the air first with its yearend TV report tonight. Howard K. Smith, the former CBS-er, is the anchorman, and is a fine choice.

I mentioned a few months ago that Smith's duties at ABC had been curtailed sharply since his rather famous telecast five years ago, "A Political Obituary of Richard Nixon," but a letter from the ABC management assures that I am mistaken and that Smith is to be used "even more than he has been."

This is good news, because Smith is one of the few broadcasting correspondents who hasn't turned into being just a reader of news.

-:-

AFTER THEIR "Year Out, Year In" review tonight, the ABC correspondents go on tour to 11 major U.S. cities and put on their discussion for civic groups.

One of the interesting questions usually tossed at them from the floor at these tour appearances is, "Why don't you ever say those things on the air:"

First of all, as the correspondents themselves point out, they do say them on the air, but apparently not often enough for the comments to sink in.

Secondly, of course, a correspondent for TV feels much freer before an informal group of citizens than he does on TV's very nervous air before millions of viewers, so naturally speaks his opinions more freely.

However, on the air with these yearend roundups where their opinions are asked for, the correspondents deliver quite candidly.

-:-

NBC HOLDS its correspondents' powwow later than usual on Jan. 12 with Chet Huntley the moderator.

It may prove interesting for those viewers watching all four of these TV newsmen's roundups to compare the moderators' reactions to the various correspondents' reports.

Huntley apparently has turned quite "hawkish" on the war in Vietnam while CBS' Sevareid and ABC's Smith appear to be more middle-of-the-road in their Vietnam positions.

Although much of what is said during these roundup sessions of TV correspondents is contradictory and sometimes a bit dull, it is at least a big improvement over those yearend reviews we used to see in the theaters, furnished by the newsreels.

Usually they were just a collection of the past year's film clips and dealt mostly with disaster — man-made and natural. The TV correspondents at least are trying to sort out a few facts and to evaluate their effect on our immediate future.

Charged With Murder

CLEVELAND (AP)— Mildred Scott, 45, was charged Wednesday with first-degree murder in the stabbing of her husband, William, 44. He was killed Tuesday night during an argument.

The Constitution of California is one of the longest in the world.

TV Highlights

TONIGHT

6, KDKA, Have Gun — Will Travel: Paladin guides a frontiersman on a hunt for his wife who is held hostage by renegade Indians.

7:30, KDKA, WSTV, Cimarron Strip: Broderick Crawford stars as an ex-con who intends to free a trainload of his prison pals.

8, WTAE, Flying Nun: Sister Bertrille lends a hand to Brother Paul, a walking calamity who makes a historic discovery in the convent library, then loses it.

8:30, WTAE, Bewitched: Aunt Clara "appoints" Leonardo da Vinci to help Samantha paint the house. The masterpainter never falters in his trip through time.

9, KDKA, WSTV, Movie: "Stolen Hours" the story of a wealthy playgirl who is stricken with recurrent loss of vision.

10, WTAE, Year-End Review: The major news stories of 1967 are reviewed by ABC's leading correspondents, with guesses on what is in store next year.

Commerce Head Sees New Wave Of Prosperity

WASHINGTON (AP) — Commerce Secretary Alexander B. Trowbridge predicted today a "new wave of prosperity" during 1968 with significant gains in employment, income, profits and purchasing power.

But he said his forecast depends on congressional enactment of President Johnson's proposed 10 per cent income tax surcharge, a measure Trowbridge said would keep the economy on an even keel "so that we can continue to grow."

He also urged both labor and management to show restraint in seeking higher wages and prices.

"Inflation breeds more inflation," he said. "If there are excessive wage and price increases in 1968, the chances are much greater for more wage and price pressures in 1969.

"The longer an atmosphere of fast-rising wages and prices persists, the tougher the measures that will be needed to keep them in check," he added. "And I want to assure you that the last thing we in government want is wage and price controls."

He made the remarks in a talk prepared for a meeting of the American Marketing Association.

Fire Injuries Fatal

BOWLING GREEN, Ohio (AP) — Injuries received Saturday night in a fire at her home here proved fatal Wednesday to Ann Frash, 67, who died in Wood County Hospital.

There are about 230 steel wire strings in a piano.

ANNOUNCEMENTS

2 IN MEMORIAM

In loving memory of EMMETT L. VARIAN, JR. who passed away 8 years ago, December 28th:

There is a mother who misses you sadly And finds the time long since you went. And I think of you daily and hourly but try to be brave and content. But the tears that I shed in silence and I breathe a sigh of regret, For you were mine and I remember though all the world forget. Not dead to me who loved you my son, Not lost but gone before. But though we parted for a while I know we will meet again. Someday I hope to meet you; someday I know not when, we shall meet in a better land and never part again.

Sadly missed by Mother, Dad, Sisters, Brother and Granddad.

Off The Record By Ed Reed

"It's a surprise, Bob—Mrs. Martin and I traded leftovers."

WHAT is A CUSTOMER?

A CUSTOMER is the most important person ever in our office . . . in person or by mail.

A CUSTOMER is not dependent on us . . . we are dependent on him.

A CUSTOMER is not an interruption of our work . . . he is the purpose of it. We are not doing him a favor by serving him . . . he is doing us a favor by giving us the opportunity to do so.

A CUSTOMER is not an outsider to our business . . . he is a part of it.

A CUSTOMER is not a cold statistic . . . he is a flesh-and-blood human being with feelings and emotions like your own, and with biases and prejudices.

A CUSTOMER is not someone to argue or match wits with. Nobody ever won an argument with a customer.

A CUSTOMER is a person who brings us his wants. It is our job to handle them profitably to him and to ourselves.

WHAT is A CUSTOMER?

A CUSTOMER is the most important person ever in our office . . . in person or by mail.

A CUSTOMER is not dependent on us . . . we are dependent on him.

A CUSTOMER is not an interruption of our work . . . he is the purpose of it. We are not doing him a favor by serving him . . . he is doing us a favor by giving us the opportunity to do so.

A CUSTOMER is not an outsider to our business . . . he is a part of it.

A CUSTOMER is not a cold statistic . . . he is a flesh-and-blood human being with feelings and emotions like your own, and with biases and prejudices.

A CUSTOMER is not someone to argue or match wits with. Nobody ever won an argument with a customer.

A CUSTOMER is a person who brings us his wants. It is our job to handle them profitably to him and to ourselves.

Junior Editors Quiz on THE STATES

QUESTION: Why is California called the Golden State?

★ ★ ★

ANSWER: 1848 and '49 were great years for California. "Gold discovered at Sutter's Mill" was the cry everywhere. Shining nuggets had been found where John Sutter built his mill on the American River, and people began pouring in to stake gold claims. The great gold rush of 1849 was on, and all America was linking the words "gold" and "California" together. Soon Californians were finding other golden things besides metal nuggets. When irrigation came, desert soil turned into magnificent farm land and soon there were golden oranges, wonderful fruits and vegetables which brought showers of gold to the growers. By 1910, the gold mine of moving picture production had made Los Angeles the world's motion picture capital. The Golden Gate International Exposition of 1939-40 brought attention not only to the spectacle of the golden sun sinking westward in the glittering Pacific, but also to the golden opportunities opening in California in every field of effort.

★ ★ ★

Kathy Webb of Baltimore, Md., wins a prize for this question. You can win $10 cash if your question, mailed to Junior Editors in care of The Review, is selected for a prize.

Today In History

By The Associated Press

Today is Thursday, December 28, the 362nd day of 1967. There are three days left in the year.

Today's highlight in history:

On this date in 1836, Spain recognized the independence of Mexico.

On this date:

In 1846, Iowa, the 29th state, was admitted to the Union.

In 1856, the 28th American president, Woodrow Wilson, was born in Staunton, Va.

In 1917, the U.S. government took control of the nation's railroads during World War I.

In 1941, President Franklin D. Roosevelt made a broadcast to the Philippines pledging they would be freed from Japanese conquerers.

In 1942, Japanese planes bombed Calcutta, India during World War II.

In 1944, the U.S. Army seized the strikebound Montgomery Ward mail order house.

Ten years ago: the Soviet Union pledged it would support what it called movements for independence — from Algeria to Dutch New Guinea.

Five years ago: U.N. forces in the Congo announced the capture of the police headquarters in Elizabethville in secessionist Katanga Province.

One year ago: Communist China detonated its fifth atomic device.

Junior Editors Quiz on THE STATES

QUESTION: Why is California called the Golden State?

★ ★ ★

ANSWER: 1848 and '49 were great years for California. "Gold discovered at Sutter's Mill" was the cry everywhere. Shining nuggets had been found where John Sutter built his mill on the American River, and people began pouring in to stake gold claims. The great gold rush of 1849 was on, and all America was linking the words "gold" and "California" together. Soon Californians were finding other golden things besides metal nuggets. When irrigation came, desert soil turned into magnificent farm land and soon there were golden oranges, wonderful fruits and vegetables which brought showers of gold to the growers. By 1910, the gold mine of moving picture production had made Los Angeles the world's motion picture capital. The Golden Gate International Exposition of 1939-40 brought attention not only to the spectacle of the golden sun sinking westward in the glittering Pacific, but also to the golden opportunities opening in California in every field of effort.

Today In History

By The Associated Press

Today is Thursday, December 28, the 362nd day of 1967. There are three days left in the year.

Today's highlight in history:

On this date in 1836, Spain recognized the independence of Mexico.

On this date:

In 1846, Iowa, the 29th state, was admitted to the Union.

In 1856, the 28th American president, Woodrow Wilson, was born in Staunton, Va.

In 1917, the U.S. government took control of the nation's railroads during World War I.

In 1941, President Franklin D. Roosevelt made a broadcast to the Philippines pledging they would be freed from Japanese conquerers.

In 1942, Japanese planes bombed Calcutta, India during World War II.

In 1944, the U.S. Army seized the strikebound Montgomery Ward mail order house.

Ten years ago: the Soviet Union pledged it would support what it called movements for independence — from Algeria to Dutch New Guinea.

Five years ago: U.N. forces in the Congo announced the capture of the police headquarters in Elizabethville in secessionist Katanga Province.

One year ago: Communist China detonated its fifth atomic device.
